PART I.

AD—

Letter No. 12059, dated the 6th May 1908, from the Revenue Commissioner in Mysore, submitting for orders with his views, copies of a note by the Deputy Commissioner of the Mysore District and correspondence between the Revenue Commissioner and the Comptroller on the subject of the classification of the C. Accounts in the Taluk Treasuries.

No. R. 792-800—L. R. 525-07-2, DATED BANGALORE, 5TH AUGUST 1908.

ORDER THEREON.—Para 63, Chapter XVIII of the Financial Rules issued under Government Order No. Fl. 1150-1192-18—1901-02, dated the 17th February 1903, requires that Taluk offices should not be compelled by the Head offices to keep a daily classified ledger, to record the classification on the back of the cash account daily and also to send a monthly classified cash account. Nevertheless, the classification of accounts appears in most treasuries to be still done by Nagadi Gumastas and is adopted in the District Treasuries without much further scrutiny. The Deputy Commissioner of the Mysore District, whose attention was drawn to the objectionable nature of the practice by one of the Assistant Comptrollers in the course of his inspection of the District Treasury, states that the Nagadi Gumasta is the person best fitted to make a classification of the accounts as all the challans pass through his hands and that as these challans are frequently in manuscript and have often several heads of account clubbed together, it is difficult for a person not conversant with all the details and who cannot check the classification by reference, if necessary, to the original departmental records relating to the transaction, to make the classification correctly. The Revenue Commissioner also points out that the procedure prescribed in Art. 20 of the Taluk Treasury Manual, which requires that the challan with which the money is presented, should be sent to the gumasta in charge of the departmental account to enable him to note the credit on his record and indicate the head to which the amount should be credited, is somewhat impracticable, as these gumastas have often to accompany the Amildar on tour, and that it is very easy for the Nagadi Gumasta himself to do this.

2. Government consider it inexpedient to introduce a departure from the procedure laid down in Arts. 20 and 21 of the Taluk Treasury Manual regarding the receipt of the money into the treasury and the mode of its entry into the accounts. It is highly objectionable to allow the Nagadi Gumasta to have access to departmental records or accounts and still more so to delegate to him the duties of noting the credit in the departmental accounts and indicating the head to which the amount should be credited in the challan, as one of the principal safeguards against fraud would thereby be removed. If it is not possible for the gumasta in charge of the departmental record or account to be always present to note the credit as soon as the challan is presented to the treasury, some other official unconnected with the treasury establishment should be deputed for such work. If the challans which are received, are in the proper form and the head to which the amount should be credited is carefully noted on them, the work of classification will be considerably simplified and may be easily made in the District Treasury even without a preliminary classification from the Taluk Treasury to guide them. But it has been brought to notice by the Comptroller that on examining some of the Taluk Treasury accounts, returns etc., he found that the head of credit had not been noted in the challans by the hobli gumasta and that there was no indication whatever of these challans or even a percentage of them having been checked in the District Treasury for the purpose of verifying the classified accounts received from the taluk.

3. Government have, however, no objection to a preliminary classification being made in the Taluk Treasury, but they trust that the Deputy Commissioners will see that omissions of the kind above referred to, do not recur and that the

Land Revenue, dated 5th August 1908.

Taluk Treasury classification is properly scrutinized in the District Treasuries and carefully verified with the challans which are received with the Taluk Treasury accounts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 13th August 1908.

READ—

Letter No. 6038, dated the 13th May 1908 from the Comptroller to the Government of Mysore, forwarding the Revenue Commissioner's letter No. 10933, dated the 7th April 1908, stating the authority under which he sanctioned the refund of a sum of Rs. 72-14-5, being the amount of fine recovered from Aralur Basappa for bringing, without authority, eighteen bags of arecanut into the town of Dodballapur, Bangalore District, and enquiring whether the Revenue Commissioner is empowered to order refunds of Salt, Sayer and Mohatarfa Revenue.

No. R. 985-6—L. R. 542-07-2, DATED BANGALORE, 13TH AUGUST 1908.

ORDER THEREON.—Government consider that para 5 of Government Order No. R. 3105-44—L. R. 212-06-1, dated the 11th September 1906, which confers on the Revenue Commissioner power to sanction refunds of Land Revenue and to direct remissions of irrecoverable arrears of Land Revenue, cannot properly be construed so as to confer similar powers on him in respect of Mohatarfa, Salt and Sayer. The definition of "Land Revenue" contained in Section 219 of the Land Revenue Code, which is relied upon by the Revenue Commissioner in support of his contention that such powers have been conferred upon him by implication, is not intended to be of general application but is restricted to Chapter XIV of the Land Revenue Code.

2. In the rules relating to the levy of Mohatarfa, a distinction is made between Mohatarfa and Land Revenue, as the former is described as a tax which is intended to reach the classes which do not contribute to the Land Revenue.

3. The Revenue Commissioner was also expressly authorized by Government Order No. 3758-67, dated the 27th March 1903 to administer the rules in regard to Mohatarfa, Sayer and Salt-pans, which would not have been necessary, if such powers were inherent in him as the head of the Land Revenue Administration.

4. Government, however, consider it unnecessary to reserve powers regarding refunds and remissions in the case of such minor items of revenue, when these powers are exercised by the Revenue Commissioner in respect of Land Revenue, and are therefore pleased to direct that the Revenue Commissioner may, in regard to Salt, Sayer and Mohatarfa, exercise the powers regarding refunds and remissions to the extent laid down in Government Order No. R. 3105-44—L. R. 212-06-1, dated the 11th September 1906 as regards Land Revenue.

5. The refund sanctioned in Aralur Basappa's case is approved.

READ—

Letter No. 16, dated the 23rd July 1908, from the Superintendent of Inam Settlements in Mysore.

I have the honor to submit the Annual Report of the Inam Department for the year 1907-08.

2. *Changes in office.*—Colonel J. P. Grant, who was the Inam Superintendent from the year 1881, handed over charge of the office to me on the 1st July 1907.

3. *Cases during the year.*—During the year under report, 8 cases were newly confirmed, *viz.*, 7 land inams comprising an extent of 105 acres and 26 guntas assessed at Rs. 191-8 0 upon which a combined Quit-rent of Rs. 42-6-0 was fixed, and 1 Muzrai Inam of Rs. 4,200.

Six cases were struck off and resumed, by which Rs. 32-15-0 were lost to Government towards Inam Revenue. But there has been a greater gain of Rs. 46-6-5 under Land Revenue in the shape of assessment.

4. *Revision of Inams.*—One village was revised on survey valuation under the authority of Government Proceedings No. 14223-5—P. F. 100-93, dated 17th February 1894. In addition to this 19 land inams and 3 Muzrai grants were revised. In this connection the combined Quit-rent was raised by Rs 7-8-0.

5. *Registers.*—The number of Quit-rent registers prepared was 32 for confirmed cases and 24 for resumed and struck off cases—in all 56.

6. *Extracts and Title-deeds.*—The number of *Ad Interim* extracts and title-deeds prepared was 7 and Muzrai title-deed 1.

7. *Final Title-deeds for minor Inams.*—Four hundred and nine minor inam title-deeds were prepared, compared and despatched for delivery to the inamdars. There still remain about 9,400 title-deeds to be issued.

8. *Revised final Quit-rent registers.*—The revised final Quit-rent registers of Honnali (supplemental), Chintamani and Malur Taluks were prepared and sent to the Press for being printed. This work is one which entails great deal of labour and correspondence, and takes up too much time. Considering the amount of labour and correspondence in preparing it, it is creditable to the department that the Quit-rent registers of three taluks against one, in the year previous, should have been sent to the Press during the year under report.

That of the Mulbagal Taluk was compared and corrected and is almost ready for despatch. There remains on hand that of the Devanhalli Taluk for comparison and distribution. This portion of the work is very laborious in as much as 20 copies of big voluminous registers have to be compared with the inam and old Quit-rent registers, the valuation statements and the Tarav Patriks. It is not possible to despatch more than two taluks in one year to the districts and other offices. Revised final Quit-rent registers of nine taluks, *viz.*, Sidlaghatta, Srinivaspur, Kankanhalli, Nanjangud, T.-Narsipur, Magadi, Chintamani, Malur and Honnali (supplemental) have yet to be received from the Press Office and after receipt have to be compared and corrected as detailed above and despatched. That of Devanhalli will be taken on hand immediately and attended to. Those of Kolar and Mulbagal have to be compared and despatched. The Quit-rent register of Bowringpet is under preparation.

9. *Addition to Revenue.*—The addition to the revenue during the year, under report, was Rs. 16-15-0 as shown below :—

		Rs	a.	p
Quit-rent imposed on confirmed inams	...	42	6	0
On account of revision on Survey Valuation, etc. ...	...	7	8	0
Total	...	49	14	0
Deduct on account of resumed and struck off cases ...	...	32	15	0
Balance	...	16	15	0

10. *Expenditure.*—The total cost of the department was Rs. 4,531-1-8 as against Rs. 8,231-13-9 in the year previous. The decrease is chiefly owing to the allowance of the Superintendent having been stopped.

11. *Total cost of the Department.*—The total cost of the department from 1868 up to the end of the year, under report, was Rs. 11,62,344-8-4 and the total annual revenue Rs. 2,75,332-15-0.

12. *Correspondence.*—The amount of correspondence both English and Vernacular was 2,019 against 1,792 in the year previous.

Land Revenue, dated 15th August 1908.

13. *General Remarks.*—The work of the department has increased in quality and importance and also in quantity. Great difficulty was experienced in getting through the work owing to the insufficiency of the office establishment. This fact has been duly brought to the notice of Government in a separate communication. The limited establishment has worked very hard and deserves encouragement.

No. R. 1000—L. R. 58-08-2, DATED BANGALORE, 15TH AUGUST 1908.

ORDER THEREON.—Recorded.

2. Government note with satisfaction the progress that has been made in the preparation of the revised final Quit-rent registers.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 17th August 1908.

No. R. 1021-30—L. R. 46-08-1, DATED BANGALORE, 17TH AUGUST 1908.

ORDER.—Government desire that the question of bringing under temporary cultivation for a period of one year such assessed lands as may be lying waste, and such unassessed lands as may be made available for temporary cultivation without interfering with the communal and other purposes for which they may be set apart, should be considered by the Revenue Commissioner in consultation with the Superintendent of Revenue Survey in Mysore and the Deputy Commissioners of Districts. The Revenue Commissioner is therefore requested to take necessary action and submit proposals to Government as to how best to secure the benefits of such temporary cultivation as is referred to above, without affecting the advantages incidental to a survey and settlement.

READ—

Letter No. 10151, dated the 19th—21st March 1908, from the Revenue Commissioner in Mysore, submitting for approval, the following copy of his official memorandum No. 10143 dated the 19th—21st March 1908 in the matter of entering in the village records the names of Sannappa and eleven others of the Kalavibagi village, Hiriyur Taluk, as co-sharers of Survey No. 40 of that village, under Rule 75 of the Land Revenue Rules.

Official Memorandum.

Subject—

Letter No. 473, dated 4th March 1908, from the Deputy Commissioner, Chitaldrug soliciting instructions in the matter of registering in the village accounts the names of certain persons as co-sharers, under Rule 75 of the Land Revenue Rules.

Sannappa and eleven others of Kalavibagi village, Hiriyur Taluk, applied to the Amildar for getting their names entered in the village accounts as co-sharers of Survey No. 40 of the said village, in the khate of one Nijjigowda, as they had each one-anna share in the occupancy of the said survey number. As the khatedar denied the existence of any co-sharers and as there was no means of ascertaining the facts, the land having been left fallow for several years past, the Amildar rejected their application and issued endorsements that they may seek redress in the Civil Courts. The documentary evidence produced by the applicants in support of their claim was not enquired into as the khatedar denied *in to to* the existence of their rights in the land. The Amildar reported the facts to the Deputy Commissioner who has sought for instructions of this office, expressing at the same time his opinion that Rule 75 of the Land Revenue Rules does not contemplate any enquiry into the claims and that therefore the applicants' names and their shares in annas may be entered in the village records, as such entry does not affect the liability of the registered occupants for the Land Revenue, and is not deemed to constitute the shares as recognized shares of survey number.

2. Rule 75 of the Land Revenue Rules does not require or permit any inquiry, and it can be acted upon only if the khatedar admits the rights of the applicants as co-sharers. In other cases, like the one under consideration, there is no objection to action being taken under Rule 40 on payment of the fees prescribed.

No. R. 1328-37—L. R. 457-07-2, DATED BANGALORE, 27TH AUGUST 1908.

ORDER THEREON.—The Revenue Commissioner's order raises an important question as to the class of cases to which Rule 75 of the Land Revenue Rules is applicable, and whether any enquiry is necessary before the name of a co-occupant is entered in the records along with the name of the registered occupant. The Deputy Commissioner of the Chitaldrug District is of opinion that Rule 75 does not contemplate an enquiry into the merits of an applicant's claim, but that the application may be granted in every case as it does not, in any way, affect the liability of the registered occupant for the land revenue. The Revenue Commissioner, however, holds in his official memorandum read above, that not only does Rule 75 not contemplate an enquiry, but that it does not permit one, that the operation of the rule should therefore be confined to cases where the claim is recognised by the khatedar and that in cases like the present one, where the registered occupant does not admit the existence of co-sharers, the proper course is to take action under Rule 40 of the Land Revenue Rules.

It appears to the Government that both the Revenue Commissioner and the Deputy Commissioner are under a misapprehension as to the scope and application of Rule 75. It is intended to apply to "co-occupants," *i.e.*, to all persons who have, jointly or severally, the highest right vested in them in respect of an entire survey number or a specific share of it. There is nothing in Rule 75 which precludes an enquiry whether the applicant is entitled to be regarded as a co-occupant of the registered occupant or not. Nor does the rule say that the consent of the registered occupant is necessary before any action can be taken under it. The rule, in fact, vests the Deputy Commissioner with a discretionary power to order the registry of the name and share of the co-occupant in the village records, and in exercising that

Land Revenue, dated 27th August 1908.

power, he may hold such enquiry as is necessary to enable him to decide whether the applicant's title is such as would constitute him a co-occupant. To require the consent of the registered occupant as a condition precedent to the application of Rule 75 would practically deprive the rule of a great part of its value as a measure intended to enable co-occupants to protect their own interests when the registered occupant is antagonistic to them. Registration under Rule 75 will also greatly facilitate recourse to the provisions of Sections 77 and 78 of the Land Revenue Code. The enquiry which may be necessary to decide whether action should be taken under Rule 75 need not be very elaborate, and the Deputy Commissioner may, in the exercise of his discretion, require the parties to establish their rights in a Civil Court if complicated questions of title or other intricate disputes arise.

Government also observe that Rules 40 and 75, though partly covering the same ground in certain respects, have not been framed to meet the same objects. As observed by the Revenue Commissioner, Rule 40 is the principal provision for enabling all persons, interested in any manner in an occupancy on which arrears are due, to obtain due notice of the existence of such arrears before any steps are taken for their recovery.

The present case will be disposed of on its merits according to the above principles.

Report, dated the 22nd April 1908, on the Mysore Dasara Industrial and Agricultural Exhibition of 1907, from the President of the Exhibition Committee, submitted with his letter No. 1365, dated 27th July 1908.

No. R. 1109-47—AGRI. 17-07-102, DATED BANGALORE, 19TH AUGUST 1908.

ORDER THEREON—This was the first exhibition which was held under the scheme laid down in Government Order No. R. 8152-67—Agri. 117-06-3, dated the 8th March 1907. It was intended to be primarily an Industrial and Agricultural Exhibition, but a Health Section was added in which special attention was paid to bring home to the people the necessity for sanitary improvement. An Educational Exhibition was also held simultaneously, which for want of space was accommodated in a separate building, *viz.*, the Jubilee Institute. All the technical departments of the State were also asked to take part in the Exhibition by sending exhibits of commercial value and making arrangements for demonstrating their bearing on the improvement of the material condition of the people and they were authorised to charge the cost so incurred to their respective departments as an additional contribution to the exhibition.

2. A cattle show in which nearly a thousand cattle were exhibited was a special feature of the exhibition. The cattle though mainly confined to the Mysore District included a number of excellent specimens.

3. The exhibition was held in the Reserve Police buildings which had been specially adapted for the purpose. It was opened by His Highness the Maharaja on the 5th October 1907 and lasted till the 31st October 1907.

4. The Committee had scarcely two months' time for completing the preparations for the exhibition after the settlement of preliminaries, but within this limited time they were able to arrange for the show in a manner that was very creditable to all those that were responsible for the exhibition. Government have no doubt that the experience gained on this occasion will be of help in organising future exhibitions. As a first step towards enlisting the co-operation of non-official agency, five non-official gentlemen have been appointed as members of the Committee entrusted with the ensuing exhibition.

5. The total number of exhibitors and exhibits were 2161 and 12,129 respectively. The value of the exhibits is estimated to be Rs. 1,93,000. A sum of Rs. 5,089-0-5 was realised by the sale of articles through the officers of the exhibition. Out of this Rs. 2,843-10-7 or nearly 60 per cent represents the value of articles exhibited by local exhibitors and sold on their behalf. In future exhibitions, it is proposed to provide greater facilities for the sale of exhibits so as not only to attract more exhibits but also to promote the introduction of superior articles and implements among the people of the State.

6. The total number of persons who visited the exhibition is stated to have been nearly 30,000 of whom about half paid for their admission. Exhibitors and selected artisans and raiyats likely to profit from the lessons of the exhibition were admitted without payment. Arrangements were also made for delivering lectures on various subjects connected with the improvement of agriculture and local industries and prevention of diseases and also for demonstrating the use of the several implements and machinery exhibited. Seventeen lectures were delivered in all and several of them have been printed and made available to the public.

7. The total amount sanctioned for the exhibition was Rs. 25,000. Of this half was contributed from the Local Funds, General. The Committee realised Rs. 2,213-11-0 from the sale of tickets and Rs. 462-10-6 from the sale of unserviceable articles. So the total amount available to the Committee for expenditure was

Rs. 27,676-5-6. The Committee incurred a total expenditure of Rs. 26,376-2-5 as noted below.—

Details of expenditure incurred by the Committee.

	Rs.	a.	p.
(1) Outlay on buildings	13,748	10	2
(2) Do decorations	1,104	2	6
(3) Cattle show charges	1,208	8	4
(4) Cost of medals, money prizes etc	2,995	4	0
(5) Freight etc, on implements and machinery ..	222	14	8
(6) Payment to Deputy Commissioners for expenses connected with the sending of exhibits	560	5	10
(7) Printing charges and Contingencies	1,260	9	2
(8) Lighting charges	1,471	0	0
(9) Cost of furniture and staging ...	1,653	9	7
(10) Establishment charges	1,283	14	0
(11) Volunteers' charges	474	12	2
(12) Special batta to officials	392	8	0
	26,376	2	5

8. Besides this, the total amount spent by other departments in connection with the exhibition aggregated to Rs. 4,918-14-10 as shown below:—

Details of expenditure incurred by Technical Departments.

Name of Department	Rs.	a.	p.
(1) Education Department	619	7	7
(2) Amrut Mahal Department	176	13	0
(3) Agricultural Chemist's Office	191	15	9
(4) Superintendent, Government Gardens ..	153	6	0
(5) Geological Department	176	6	6
(6) Public Works Department	1,337	0	0
(7) Superintendent, Government Press .. .	18	12	0
(8) Excise Department	1	4	0
(9) Forest Department	225	5	0
(10) Sanitary Department	2,000	0	0
(11) Medical Department	18	9	0
Total ...	4,918	14	10

[The figures given in the report have been corrected with reference to the final accounts sent to the Comptroller.]

Thus the total charges incurred came to Rs. 31,295-1-3. From this may be deducted Rs. 11,768, as outlay on buildings and furniture, as they will be available for purposes of future exhibitions. Thus the real net cost of the exhibition is Rs. 19,527-1-3.

9. Seven gold, 25 silver and 5 bronze medals were awarded besides 337 money prizes of the aggregate value of Rs. 1,577. Of these 3 gold, 15 silver and 2 bronze medals and 303 money prizes were awarded to local exhibitors.

10. Several of the leading Railway Administrations in India granted special concessions for conveying exhibits to the exhibition, which, however, owing to insufficient notice, were only utilized to a limited extent. Government have already expressed their thanks to them. They desire also to acknowledge the cordial manner in which the neighbouring local Governments and Administrations have co-operated in helping the exhibition by publishing the prospectus in their *Gazettes* and also to thank the several Departments of Agriculture in British India and the Madras School of Arts who sent several interesting exhibits to the exhibition.

Agriculture, dated 19th August 1908.

11. The thanks of the Government are due to the President and Members of the Committee for their labours in connection with the exhibition, which was a decided success from every point of view and has, to a great extent, fulfilled the objects with which it was instituted. Their acknowledgments are due in a special manner to the Revenue Commissioner as well as to the Sanitary Commissioner and to the Deputy Sanitary Commissioner Mr. Palpu and to Mr. Bhabha the Inspector-General of Education for the interest taken by them in developing the sections of the exhibition connected with their departments. Government have already sanctioned an honorarium of Rs. 500 to Mr. K. Subba Rao, Secretary to the Exhibition Committee, in consideration of the specially arduous nature of the work which devolved on him in carrying out the arrangements for the Exhibition in accordance with the directions of the Committee and have been pleased to note that his services have been commended by the President of the Committee. Government have also noted the work done by the marginally noted gentlemen in connection with getting the buildings ready for the exhibition and decorating them.

1. Mr. B. Subba Rao.
2. Mr. D. Sitaram Rao.
3. Mr. V. Rangaswami Iyengar.
4. Mr. Raghavalu Naidu.
5. Mr. Cameron.
6. Mr. Lakshman Rao.
7. Mr. G. Subbaswami Iyer.

12. The thanks of Government should also be conveyed to the non-official gentlemen who took part in the exhibition and helped the judges in awarding prizes.

Proceedings of the Government of His Highness the Maharaja of Mysore.

The following papers relating to the grant of honne and other reserved trees for agricultural implements in the Malnad :—

(1) Subject No. 109 discussed at the Dasara Representative Assembly held in October 1907.

Summary of discussion.—As it is found that unreserved trees available in district jungles are useless for making agricultural implements, orders are solicited for the free grant of honne and other reserved wood for the purpose.

Mr. C. Srinivasa Rao states that there are several kinds of equally good wood for making agricultural implements and it is only for the cross piece, which comes directly into contact with the ground and is likely to become rotten, that honne may be necessary.

Reply of Government.—The free grant of honne cannot be allowed. As it is represented that suitable unreserved trees cannot be found in the Shikarpur Taluk for agricultural implements, the Deputy Commissioner and the Conservator of Forests will report whether concessions may be allowed with regard to any other kind of reserved trees.

(2) Letter No. 10529, dated the 11th June 1908, from the Conservator of Forests in Mysore.

With reference to the correspondence ending with your reminder No. R. 6236-7—Ft. 129-07, dated the 25th March last, I have the honor to state that I met the Deputy Commissioner, Shimoga, and discussed with him the subject of supply of suitable timber for agricultural implements and regret to say that we were unable to formulate proposals in the matter, the difficulty being that the raiyats insist upon the supply of honne timber alone although they admit that certain other kinds of timber, which are mentioned below, will serve their purpose, though they are not equally good.

As the Government have already ordered that the free grant of honne cannot be allowed, I do not propose to re-open the question.

2. As regards other kinds, I have ascertained, after exhaustive enquiry in the Shimoga and Shikarpur Taluks, that the following kinds are suitable for agricultural implements :—

1. Tare	... ...	*Terminalia Celerica.*
2. Nerlu	... ...	*Eugenia Jambolana.*
3. Sivane	... ...	*Gmelina arborea.*
4. Dindiga	... ...	*Anogeissus latifolia.*
5. Karemathi	... ...	*Terminalx tomentosa.*
6. Jali	... ...	*Acacia arabica.*
7. Kaggli	... ...	*Acacia catechu.*
8 Kadavala	... ...	*Stephegyne parviflora.*
9. Hulve	... ...	*Terminalia paniculata.*

Of the above, 4, 5, 8 and 9 are classified trees which can only be removed on payment of the fees prescribed in Government Order No. R. 6539—Ft. 50-05-7, dated the 9th April 1908. The rest are available free to agriculturists.

(3) Letter No. 4—4, dated the 1st July 1908, from the Deputy Commissioner, Shimoga District.

With reference to your docket No. R. 4287-8—Ft. 129-8-1, dated 15th January 1908, calling for a report on Subject No. 109 of the Representative Assembly of 1907 *re* grant of honne and other reserved wood for agricultural implements, I have the honor to state that I conferred with the Conservator of Forests on the matter. The raiyats are obdurate and would have no other kind of tree than honne for their agricultural implements. The end pieces of honne from the annual coupe fellings may be given if they are available. Where honne is not available the 9 kinds of wood which the Conservator in his letter No. 10529, dated 11th ultimo, to you thinks as being suitable for agricultural implements may be given.

No. R. 931-40—Ft. 129-07-4, DATED BANGALORE, 10TH AUGUST 1908.

ORDER THEREON.—On a careful consideration of all the reasons which necessitate special concessions to be shown to the agricultural classes in the Malnad Government are of opinion that the existing rules provide sufficient facilities for them to procure the wood required for agricultural implements and that it is not necessary to allow them to take honne free for the purpose. As pointed out by the

Forest, dated 10th August 1908.

Conservator there are 9 other different kinds of trees growing in the Malnad which may be utilized for the purpose. Of these *Dindiga, Karimathi, Kadavala and Hulve* are classified trees. They can be obtained only on payment of the prescribed seigniorage fee. The others, *Tare, Nerlu, Jali, Sivane* and *Kaggli* are unclassified trees and may be removed free of payment. No further concessions are therefore necessary.

2. The Deputy Commissioner of the Shimoga District is requested to communicate the above to the representative members concerned.

No. R. 941-9—Ft. 4-08-2, DATED BANGALORE, 10TH AUGUST 1908.

ORDER THEREON.—The Conservator reports that the practice of recovering the security deposits by monthly deductions from the pay of Rangers has long been in existence though it is not supported by authority and proposes to continue it as very few Rangers are in a position to pay the entire amount in one lump sum. Under the circumstances, Government are pleased to modify the orders contained in Proceedings No. 1048-58-33, dated the 14th May 1882, and to direct that all Forest subordinates including Rangers who are required to give security deposit may be allowed to pay the same in instalments by deducting one-fourth of the monthly salary.

No. R. 1049-50—FT. 135-06-5, DATED BANGALORE, 17TH AUGUST 1908.

ORDER THEREON.—The question of prescribing suitable rates of compensation for damage done to State and District Forests by prospecting and mining operations carried on therein so as to secure to Government a fair return for the loss caused by the removal of trees and the injury to their growth without unnecessarily hampering the development of the mineral resources of the State, has for some time engaged the attention of Government.

2. In the draft rules submitted for approval, the Conservator of Forests proposes to levy the following rates of compensation :—

	Within 20 miles of railway.	Beyond 20 miles of railway.
	Rs.	Rs.
High Forests	... 600 per acre	... 450 per acre
Pole do	.. 400 do	... 250 do
Scrub do	... 200 do	... 150 do

3. Dr. Smeeth, however, is of opinion that these rates are very high and he makes the following suggestions for the consideration of Government :—

(i) To levy the following rates of compensation—

	Within 20 miles of railway.	Beyond 20 miles of railway.
	Rs.	Rs.
High and pole forests	... 100 per acre	50 per acre
Other forests including scrub	... 50 do	25 do

(ii) To prohibit the cutting of sandalwood except with special permission and on payment of an extra charge;

(iii) To grant licenses in forest lands only with the sanction of Government after consultation with the Forest Department.

4. The rates proposed by the Conservator of Forests are nearly the same as the rates in force in the North Canara District, but Government agree with Dr. Smeeth in the opinion that these rates are much higher than is necessary to secure the objects of Government, *viz.*, to obtain an adequate return for the loss of timber and to prevent wanton felling, without at the same time interfering unduly with mining activity. They consider that the rates proposed by the Geological Secretary are well calculated to promote the prospects of the mining industry without sacrificing the interests of Government. NOTIFICATION

No R 1051—Ft 135 06 6, dated Bangalore, 17th August 1908.

The Government of His Highness the Maharaja of Mysore are pleased to lay down the following rules for the grant of licenses for prospecting and mining in lands forming part of State or District Forests or of reserved lands —

1. No license shall ordinarily be granted for prospecting or mining in State Forests, District Forests, or reserved lands except with the previous sanction of Government Nor shall such operations be generally permitted in plantations, coupes which have been worked over and in tracts containing a valuable growth of sandal, teak or other species of trees

2. The licensee shall not, without obtaining the sanction in writing of the District Forest Officer, enter upon or commence prospecting or mining operations in any State Forest, reserved land, or District Forest

3. No area in excess of 25 acres will be operated upon or cleared of forest without the permission of the District Forest Officer Such permission will be granted from time to time in each case for an area not exceeding 25 acres, on the application of the licensee to the effect that he requires the additional area for *bona-fide* and the immediate extension of prospecting or mining operations.

4. The area proposed to be operated upon must be defined by a cleared line 10 feet in width.

5. The licensee shall

(*a*) pay a lump sum for the value of the forest growth and for damages and disfigurement caused to the soil on the area proposed to be operated upon at the following rates .—

	Within 20 miles of the railway	Beyond 20 miles of the railway
	Rs	Rs
High and pole forests	100 per acre	50 per acre
Other forests including scrub	50 do	25 do

(*b*) Undertake not to cut sandalwood except with the special permission of the Forest Department and on payment of an extra charge to be fixed by the Conservator.

N. B.—The decision of the Conservator of Forests as to whether any particular forest is high, pole, or scrub shall be final

6. The licensee shall, within thirty days of the receipt of the bill from the District Forest Officer, pay the amount thereof to the District or State Huzur Treasury in defult, the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the same as a revenue demand.

7. The licensee shall not fell, girdle or lop any tree outside the area for which compensation as prescribed in clause 5 has been paid

8. No road or path shall be made within any State Forest, reserved land or District Forest without the permission in writing of the District Forest Officer

9. Compensation payable for loss of forest growth, etc , on roads or paths made by the licensee shall be the same as that prescribed in clause 5.

9. Nothing in the foregoing rules shall be taken to exempt the licensee or his employees from liablity in respect of any forest offence punishable under the Mysore Forest Regulation, 1900.

Government Proceedings No. R. 6529-38—Ft. 50-05-6, dated the 9th April 1908, directing the inclusion of Tangadi, Ichalu and Seege in the list of classified trees and stating that the larger question of revising, where necessary, the tentative classification sanctioned in 1903, will be separately considered by Government.

No. R. 1098-107—Ft. 52-08-2, DATED BANGALORE, 19TH AUGUST 1908.

ORDER THEREON.—Government consider that the list of classified trees as sanctioned and published in Notification No. 690—6768, dated the 14th May 1903, does not require alteration at present and that the existing classification may be continued for a further period of three years. In view, however, of the representations made by the Deputy Commissioner of the Chitaldrug District, they are pleased to approve of the transfer of Bili jali which is chiefly used in the manufacture of arrack from Class II to Class III in the list appertaining to that district.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ THE FOLLOWING PAPERS—

(1) Letter No. 208, dated the 9th February 1908, from the Forest Settlement Officer in Mysore, submitting the settlement papers of the Bevinahalli Forest in Chitaldrug District.

I have the honor to submit herewith a report on the conclusion of the settlement of the Bevinahalli Forest situated in the Chitaldrug, Davangere and Jagalur Taluks of the Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation in respect of this block, appeared on pages 362 and 363 of the *Mysore Gazette* (English, Part I), dated the 2nd June 1904, and Mr. B. Venkoba Rao was appointed Forest Settlement Officer to enquire into and determine the existence, nature and extent of rights claimed by the raiyat population Subsequently Mr. A. Ananda Rao was appointed Forest Settlement Officer in connection with the settlement of this block. The papers relating to the settlement of this reserve were received in this office on the 10th August 1904, and the information *re* the clearing of the preliminary boundary on the 20th February 1905.

3. Proclamatory notices under Section 5 of the Regulation, which appeared on pages 486 and 487 (Canarese, Part II) of the *Mysore Gazette*, dated the 18th August 1904, were duly got served on the villagers through the Amildars of Chitaldrug, Davangere and Jagalur Taluks.

4. The settlement of the block under reference was taken up in the latter half of July 1905 by the late Mr. Ananda Rao and the locality was inspected and perambulated by him in company with the Amildar of Davangere and the Forest Ranger on the 26th, 27th and 28th of that month and the claims enquired into were as follows :—

(1) 7 claims for right of way.
(2) 8 claims for patta rights.
(3) 6 claims for right of free grazing.
(4) 2 claims for right to worship,
and (5) 4 claims for rights not falling under any one of the above.

Six claims in (1) were admitted and 1 was rejected. Of 8 claims in (2), 6 were rejected and the other 2 were disposed of by acquiring the lands for the forest under the Land Acquisition Act. The compensation awarded was in one case Rs. 31-4-0 and in the other Rs. 50-8-0 with the usual 15 per cent on the sums awarded. All the claims in (3) were rejected as unnecessary. Of the 2 claims in (4) one was rejected and the other admitted. The claims in (5) were settled by excluding the area prayed for, from the Forest and also by proposing certain survey numbers to be converted into gomal.

5. Mr. Ananda Rao has noted in the 'A' Register that the taking up of certain portions of survey numbers, though opposed to the views of Survey and Settlement Commissioner, could not, in the interests of the Forest conservancy as well as of the raiyat population, be avoided as otherwise either whole survey numbers had to be excluded from the reserve or the raiyats deprived of portions.

6. The appeal period expired on the 28th October 1905, but the Deputy Commissioner communicated to Mr. A. Ananda Rao in his No. 847, dated the 30th May 1906, that he had disapproved of the appeal preferred to him against the decision of Mr. A. Ananda Rao on the claims of the Bahadurgatta villagers, on the ground of their not having represented their grievances to the Forest Settlement Officer at the time of settlement.

7. The following records are herewith submitted :—

1. B. Register.
2. C. Register.
3. Boundary Notification,
and 4. Sketch map and copy of the memo drawn up by the late Mr. Shamiengar, District Forest Officer, Chitaldrug, setting forth the objects and reasons for reserving the tract under reference.

8. The date from which reservation has to take effect has to be inserted in the Boundary Notification.

(2) Letter No. 7389, dated the 30th March 1908, from the Conservator of Forests in Mysore, pointing out certain omissions in the settlement papers.

(3) Letter No. 6439, dated the 14th December 1907, from the Revenue Commissioner in Mysore, furnishing his opinion on the above.

(4) Letter No. 258, dated the 15th April 1908, from the Forest Settlement Officer in Mysore, resubmitting the settlement papers with the omissions duly supplied.

1	2	3	4	5	6	7	8	9
1	Hanumantha Rao, Shanbhog of Hun sekatte, on behalfof the raiyats	26th July 1905	Requests that the kharab Survey Nos. 77 and 78 in full and portions of kharab Survey No 80 and assessed waste Survey No. 79 may be excluded from the proposed reserve and that the kharab Survey No 76 may be converted into gomal as the same left is insufficient for the village cattle	That the village Hun sekatte has already contributed Survey No 25 measuring 121 acres & 8 guntas of gomal to the Neerthady State Forest and that there remains only 30 acres and 34 guntas of gomal which is inadequate for the free grazing of 263 cattle	The Forest Ranger who has been deputed by the District Forest Officer, says that he cannot commit himself to any opinion and that the orders from the District Forest Officer are that after the settlement is over to refer to him the decisions of the Forest Settlement Officer	Kharab Survey No 80 and assessed waste Survey No 79 have been excluded from the proposed reserve as the acquisition of partial survey numbers especially in re surveyed taluks, is decidedly opposed to the views of the Survey and Settlement Commissioner and the line has been altered accordingly Kharab Survey No 76 measuring 71 acres and 29 guntas has been ordered to be converted into gomal (Sd) A Ananda Rao Forest Settlement Officer 26th July 1905		
2	Hanumantha Rao, Shanbhog, on behalf of the Mandalur raiyats	Do	Requests that assessed waste Survey Nos 79, 80, 81, 84 & 85 aggregating to 137 3 guntas may be converted into gomal and that assessed waste Survey Nos 77 and 78 may also be excluded from the proposed reserve for expansion of cultivation	That the gomal left to the village by taking in Survey No 8, measuring 103 acres & 21 guntas is only one Survey No viz 76 extent being 7 acres & 37 guntas which is hardly sufficient for the free grazing of 292 cattle (2) That the demand for cultivation is heavy It is advisable to have assessed waste lands available to meet the demands	*Vide* claim 1	The contention of the villagers is well founded As the gomal left is not sufficient for the free grazing of 292 cattle, assessed waste Survey Nos 79 80 81 84 and 85 are ordered to be converted into gomal subject to the approval of the Deputy Commissioner, the extent of conversion being 137 acres and 1 guntas with a total assessment of Rs 30 This area will provide for the free grazing of the cattle (2) Assessed waste Survey Nos 77 & 78 have been thrown out and the line altered accordingly (Sd) A Ananda Rao, Forest Settlement Officer 26th July 1905	The proposal of the Settlement Officer is approved (Sd) M Chengiah Chetty, 7 4 08 Dy Comr	
3	Hanumantha Rao, Shanbhog, on behalf of the Gumnur raiyats	Do	Claims right of free grazing in Survey No 102 (2) Requests that A W Survey Nos 95 and 96 may be excluded from the reserve	That the gomal left is as follows — A g 102 31 14 94 106 8 Total 137 22 and that the village cattle are 515 in number That the area shown above does not provide fod	*Vide* claim 1	The right for free grazing in the Forest is rejected No doubt, the Forest Department has proposed a larger portion of gomal, to the Bevinahalli Forest This portion, if excluded from the Forest, will give sufficient provision for free grazing But the interest of the Forest Department will suffer by the entire exclusion of the survey number The Amildar proposes the exclusion of kharab survey Nos 109 and 110 from the proposed reserve		

				der for the above cattle. (2) That there being very little area for expansion of cultivation which has been advancing, the assessed waste lands may be thrown out of the Forest.		By the exclusion of the 2 kharab survey numbers named by the Amildar, Davangere, the village will have 295 acres and 13 guntas of kharab and 137 acres and 22 guntas of gomal for 515 cattle according to the Revenue Survey computation of 100 head of cattle per 30 acres the area left is sufficient. Therefore I order the exclusion of kharab Survey Nos. 109 & 110 from the reserve. (2) Assessed waste Survey Nos. 95 & 96 have also been excluded from the reserve for expansion of cultivation. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.
	Hanumantha Rao, Shanbhog, on behalf of the public.	26th July 1905	Claims right of way over a foot-path leading from Gummur to Bahadurgatta and Hemmangatta through survey Nos. 102 of Gummur and 39 of Bahadurgatta.	Mamool right.	*Vide* claim 1.	Admitted foot-path, 6 feet wide, to be left open for men and cattle only all the year round in Survey Nos. 102 and 39 of Gummur and Bahadurgatta respectively. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.
5	Basappa *bin* Basalingappa of Gummur.	Ditto	Claims patta right over Survey No. 103 measuring 12 acres and 19 guntas, assessed at Rs. 2-4-0.	That the land Survey No. 103 is under his holding	Ditto	This land has been lying fallow for the last two years. The Survey No. 103 shall be acquired into the reserve under the Land Acquisition Act. As it is, it is not worth more than Rs. 2 to Rs. 3 per acre. The evidence on record convinces me of the above fact. I have therefore awarded to holder Basappa *bin* Basalingappa a compensation of Rs. 31-4-0 (rupees thirty-one and annas four only) with the usual 15 per cent on the amount awarded. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.
6	Channappa, son of Murigeppa of Gummur.	Ditto	Claims patta right over Survey No. 105.	That the land is under his holding	Ditto	Rejected and the Survey No. 105 has been excluded from the reserve. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.
7	Karibasappa, son of Basappa of Gummur.	Ditto	Claims patta right over Survey No. 100.	Ditto	Ditto	Rejected and the Survey No. 100 has been excluded from the reserve. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.

8	Sangappa, son of Harisappa of Gumnur	26th July 1905	Claims patta right over Survey No. 101.	That the land is under his occupancy	*Vide* claim 1	Rejected and the Survey No. 101 has been excluded from the reserve (Sd.) A Ananda Rao, Forest Settlement Officer. 26th July 1905.		
9	Mahalingappa, son of Basalingappa of do	Do ..	Do No. 97	Do ..	Do	Rejected the Survey No 97 has been excluded from the Forest. (Sd.) A Ananda Rao, Forest Settlement Officer. 26th July 1905		
10	Rudrappa, son of Totadappa of do	Do ...	Claims patta right over Survey No. 98, measuring 12 acres & 8 guntas, assessed at Rs. 2-8-0.	Do ...	Do	As the holder does not agree to part with the holding, it is ordered that this land survey number should be acquired for the Forest under the Land Acquisition Act The evidence on record shows that this land is superior to land Survey No 103 referred to in claim 5 and that therefore this is worth Rs 1 an acre The Court therefore awards to holder Rudrappa *bin* Thotadappa a compensation of Rs 50-8(rupees fifty and annas eight only) with the usual 15 per cent on the amount awarded. (Sd) A Ananda Rao, Forest Settlement Officer 26th July 1906		
11	Chandrappa, Patel of Mandalur, on behalf of the Devoties.	Do ..	Claims right of worship in the Basavanna's temple in Survey No, 81 of the village.	Manul right	Do ...	Rejected as unnecessary, *i. e.*, the temple has been excluded from the reserve (Sd) A. Ananda Rao, Forest Settlement Officer. 26th July 1905		

Forest, dated 22nd August 1908.

12	Hanumantha Rao, Shanbhog of Gumnur, on behalf of the public.	26th July 1905	Claims right of way over a foot-path from Gumnur to Bahadurgatta.	Mamul ..	*Vide* claim	...	Rejected as this claim has been included in claim No. 4 which has already been admitted. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.	.....
13	Lakshmi Narayappa, Shanbhog.	Do ...	Claims patta right over Survey No. 18 of Gumnur.	That the survey number is under occupancy.	Ditto	...	Rejected as the survey number has been excluded from the reserve. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.	.....

15	Lakshmi Narayappa, Shanbhog of Kalehalli.	Do ...	Requests that assessed waste Survey No. 19 may be excluded from the Forest.	That there is a great demand for cultivation.	Ditto	..	The assessed waste Survey No. 19 has been excluded from the Forest. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.	.....
16	Ditto on behalf of the public.	Do ...	Claims right to worship in the Ranganathaswamy temple in Survey Nos 20 of Kalehalli together with a right of way thereto.	Mamul ...	Ditto	...	Admitted. Access to the temple is allowed by a foot-path, 6 feet wide, which enters the Forest at the south-east corner of Survey No. 23 and goes east to the temple in Survey No. 20. This path is to be left open for men and cattle only on Saturdays in the month of *Srayana*. Around the temple an enclosure of 121 square yards or 1 gunta has been marked. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.	.....
17	Lakshmi Narayappa, Shanbhog, on behalf of the public.	Do ...	Claims right of way over a foot-path leading to Nandihalli across Survey Nos. 20 of Katehalli and 50 and 51 of Nandihalli.	Do ...	Ditto	...	Admitted. The foot-path, 6 feet wide, should be left open for men and cattle all the year round. (Sd.) A. Ananda Rao, Forest Settlement Officer. 26th July 1905.	.....

19	Lakshmi Narasappa, Shanbhog, on behalf of the Gudhal raiyats.	27th July 1905	Claims right of way over the demarcation line from the north-east corner of Survey No 167 up to the north-east corner of Survey No. 163 of Gudhal	That their cattle have been using the cattle-track on which the demarcation line of the reserve passes to the tank.	*Vide* claim 1 ..	Admitted so much portion of the demarcation line as has been defined in column 4, should be left open for men, cattle and carts all the year round. (Sd.) A Ananda Rao, Forest Settlement Officer. 27th July 1905	....	
20	Ditto on behalf of the Gudhal villagers.	Do ...	Claims right of free grazing in Survey No 166 which is a gomal survey number and requests that in case the right cannot be admitted, free grazing may be admitted in the Forest	That the area available before proposing 200 acres from their gomal Survey No. 166 was 590-39 guntas and that by taking in 200 acres the extent is reduced to 390-39 guntas, which will not be sufficient	Ditto ..	Claim is rejected According to Revenue Survey computation, *i e*, (100 cattle per 90 acres), 580 cattle require 174 acres of gomal But the extent available after taking in 200 acres from Survey No 166, is, as stated by the villagers 390—39 guntas which is a good grass yielding locality and therefore I hold that the contention of the villagers is not reasonable (Sd) A Ananda Rao, Forest Settlement Officer 27th July 1905	.. ..	
21	Mudligiri Rao, Shanbhog of Halekal, on behalf of the public.	28th July 1905	Claims right of way over a foot path leading to Mandalur *via* Gumnur across Survey No 78 of Halekal.	Mamool	Ditto	Admitted The path 6 feet wide to be left open for men and cattle all the year round (Sd) A Ananda Rao, Forest Settlement Officer 28th July 1905		
22	Gurarajappa, Shanbhog on behalf of Bahadurgatta raiyats.	29th July 1905	Claims right of free grazing in gomal Survey No 39 of the village.	That the extent of gomal has been reduced to 411 31 by acquiring a portion of gomal Survey No 39	Ditto	Claim rejected There are 649 cattle in the village These require according to the Revenue Survey calculation *viz*, 100 head of cattle for 30 acres, 195 acres of gomal The gomal left to the village is 411 acres and 31 guntas which is more than what the village actually requires The area left is a good grass yielding portion The claim is therefore disallowed (Sd) A Ananda Rao, Forest Settlement Officer 29th July 1905	On an appeal, the villagers have been informed that as they did not represent their case to the Forest Settlement Officer in the first instance, their representation cannot be entertained now (Sd) B Ramaswami Iyer, For Deputy Commissioner Chitaldrug, 30th May 1906 (*vide* docket No 847)	

23	Gururajappa on behalf of the Hemmangatta raiyats.	29th July 1905.	Claims right of free grazing in gomal Survey No. 62.	That the village had 192 acres and 12 guntas of gomal before the acquisition of 72 acres and 12 guntas out of gomal Survey No. 62. The extent being now reduced, to 120 acres, claims for the right.	*Vide* claim 1	Claim is rejected. The Shanbhog seems to have not understood the meaning of the word gomal and the usage of the extent left to the village. The reason for claiming the right of free grazing is only a mere reduction in the extent allotted by the Survey Department. The village consists of only 118 cattle, and the quality of the gomal area left is very good, and is more than what the cattle require according to the Revenue Survey Standard. (Sd.) A. Ananda Rao, Forest Settlement Officer. 29th July 1905.
24	Gururajappa, Shanbhog on behalf of the Arsur villagers.	Do ...	Claims right of free grazing in Survey No. 46.	Supported by village accounts.	*Vide* claim 1	This is a depopulated village. Even after acquiring 322 acres and 15 guntas of gomal, the village will still have 169 acres and 17 guntas of gomal, and 23 acres and 37 guntas of kharab for the grazing of the cattle of the surrounding villages, if they are really entitled to graze. Hence the claim is rejected. (Sd.) A. Ananda Rao, Forest Settlement Officer. 29th July 1905.
25	Nanjundappa, Shanbhog of Bevinahalli, on behalf of the public.	Do ...	Claims right of way over a foot-path leading to Katehalli.	Mamool.	*Vide* claim 1 ..	Admitted. A foot-path, 6 feet wide, to be left open for men and cattle all the year round. (Sd.) A. Ananda Rao, Forest Settlement Officer. 29th July 1905.
26	Nanjundappa on behalf of Bevinahalli raiyats.	Do ...	Claims right of free grazing in Survey No. 63.	Supported by village accounts.	*Vide* claim 1	This village contains 241 head of cattle and the gomal left is 80 acres. The area left is sufficient for the grazing of 250 cattle according to the Revenue Survey calculation. This village adjoins the Becharak Arsur village which has 169 acres and 17 guntas of gomal. There is thus every facility for the free grazing of the Bevinahalli village cattle. Therefore the claim is rejected. (Sd.) A. Ananda Rao, Forest Settlement Officer. 29th July 1905.
27	Nanjundappa on behalf of the Nandihalli raiyats.	Do ...	Claims right of free grazing in Survey No. 50.	Do	*Vide* claim 1	This village has 241 acres and 3 guntas of gomal. The number of cattle is 565. These require about 170 acres of gomal. As the village is shown to have 241 acres and 3 guntas of gomal, the claim for the right of free grazing is rejected. (Sd) A. Ananda Rao, Forest Settlement Officer. 29th July 1905.

N. B.—Though the taking up of portions of survey numbers is opposed to the views of the Survey and Settlement Commissioner, yet in the interest of the forest conservancy as well as of the raiyat population, portions of survey numbers have been taken as otherwise either whole survey numbers had to be excluded from the reserve or the raiyats deprived of portions.

Forest, dated 22nd August 1908.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. R. 1224-8—Ft. 165-06-8, dated Bangalore, 22nd August 1908.

Order thereon.—The forest was settled by the late Mr. A. Ananda Rao, who recorded that the raiyats were not entitled to any concessions in the forest, as they have sufficient good land for grazing outside it. The Revenue Commissioner considers that the raiyats should be allowed free grazing as the land left for the purpose is insufficient. The figures furnished by him show that the provision made by the Settlement Officer is adequate under accepted standards

2. In regard to the complaints of the raiyats of the Bahadurghatta village the Revenue Commissioner is of opinion that the imposition of a lumpsum grazing fee of Rs. 50 is objectionable inasmuch as they have been deprived of a portion of their gomal land in violation of the Survey guarantee. The bearing of the levy of a lumpsum grazing fee on the reservation of the forest now under consideration is not apparent. Nor does the Survey guarantee apply to gomal lands. On the contrary it is usually distinctly declared in the Survey records that assignment of gomal will not preclude resumption when thought fit. The Mysore rule of allowing 30 acres per 100 head of cattle has proved to be a satisfactory standard and judged by that standard the extent available for grazing after the reservation in the villages affected by the settlement does not fall below the limit.

3. With the foregoing observations, Government are pleased to approve of the settlement of the Bevinahalli Forest. The draft notification submitted by the Forest Settlement Officer will be published as hereunder in the local Gazette the 1st October 1908 being entered as the date from which the block shall be declared a State Forest.

4. The Deputy Commissioner of the Chitaldrug District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

5. Sanction is accorded to the conversion of the undermentioned lands as gomal in lieu of the gomal lands taken up for the forest —

REMARKS.

A. The following rights of way are admitted within the Block:—

I. *Foot-path*, 6 feet wide and about 23 chains long, from Gudhal to Halekal, to be open for men and cattle all the year round. It enters the forest in the eastern boundary of Survey No. 163, about 2 chains north from its south-east corner; goes east through Survey No. 165 of Gudhal and quits the forest in its northern boundary about 9 chains south from the south-east corner of Survey No. 164

II. *Foot-path*, 6 feet wide and about 56 chains long, from Halekal to Gummanur, to be open for men and cattle only all the year round. It enters the forest in the south-east corner of Survey No. 72, goes south through Survey Nos. 73 of Halekal and 39 of Bahadurghatta and joins foot-path No III *Infra.*

III. *Foot-path*, 6 feet wide and about 33 chains long, from Gummanur to Bahadurghatta, to be open for men and cattle only all the year round. It enters the forest in the north-east corner of Survey No. 97 of Gummanur, goes north-east and east through Survey Nos 102 of Gummanur and 39 of Bahadurghatta and quits the forest at a point in its eastern boundary about 4 chains south from the north-west corner of Survey No. 44 of Bahadurghatta.

IV. *Foot-path*, 6 feet wide and about 102 chains long, from Katihalli to Nandihalli, to be open for men and cattle only all the year round. It enters the forest at a point in its western boundary about 6 chains south from the north-east corner of Survey No. 23 of Katihalli, goes north-east through Survey No. 20 of Katihalli for a distance of about 35 chains and through Survey No. 50 of Nandihalli, for a distance of about 33 chains, turns east and goes through Survey Nos. 51 and 50 for a distance of about 23 chains and quits the forest at a point in its eastern boundary about 11 chains south from the north-west corner of Survey No. 52.

V. *Foot-path*, 6 feet wide and about 9 chains long, from Katihalli to Bevinhalli, to be open for men and cattle only all the year round. It enters the forest in the south-west corner of Survey No. 63 of Bevinahalli, goes east, and quits the forest in its eastern boundary at a point about 2 chains north from the south-west corner of Survey No. 62.

VI. Western demarcation line, 66 feet wide from the north-east corner of Survey No. 167 of Gudhal up to the north-east corner of Survey No. 163 of the same village, to be used by men, cattle and carts all the year round.

B. The following right is admitted within the Block:—

Right to worship Ranganathaswami situated in Survey No. 20 of Katihalli is admitted by a foot-path, 6 feet wide and 23 chains long, which enters the forest at the south-east corner of Survey No. 23 and goes east to the temple in Survey No. 20. The path is to be open for men and cattle on Saturdays only in the month of Sravana, the area of the enclosure around the temple being 121 square yards or one gunta.

By Order,

READ—

The following papers relating to the settlement of the Rangiangiri Forest in the Channagiri Taluk of the Shimoga District:—

(1) Letter No. 31, dated the 26th July 1907, from the Forest Settlement Officer in Mysore.

I have the honor to submit herewith a report on the conclusion of the settlement of the Rangiangiri Block in the Channagiri Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation was issued in Government Order No. R. 15384—Ft. 195-05-3, dated the 31st May 1906, and proclamation thereof was issued from this office on the 24th June 1906 and was served on the villagers concerned through the Amildar, Channagiri Taluk.

3. The locality was perambulated and inspected in company with the Amildar, Forest Ranger and the raiyats on the 5th and 6th March 1907. The claims of the villagers were also heard and recorded by me besides those that were investigated by the Amildar in 1904 as directed by the then Revenue Commissioner in his letter No. 525, dated the 30th July 1903. There are no other claims than those mentioned in the accompanying "B" Register.

4. The grievances of the raiyats were carefully considered at the time the decisions were recorded and announced. The area under settlement especially the hill slopes consist of good teak trees. The Ubrani State Forest is situated on the western side of this block.

5. I think that by the present settlement, the interests of the raiyats remain undisturbed.

6. The Deputy Commissioner states in his letter No. 620, dated 13th June 1907, that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted:—

1. "B" Register.
2. "C" Register.
3. Boundary notification.
4. Sketch map, and
5. Topo tracing.

8. The date from which reservation has to take effect has to be inserted in the draft notification.

(2) Letter No. 7719, dated the 23rd January 1908, from the Revenue Commissioner in Mysore, furnishing his remarks on the settlement.

(3) Letter No. 8240, dated the 27th March 1908, from the Conservator of Forests in Mysore, pointing out certain errors and omissions in the settlement papers in question.

(4) Letter No. 305, dated the 21st May 1908, from the Forest Settlement Officer in Mysore, re-submitting the settlement papers and explaining the errors and omissions pointed out.

Rudrappa on behalf of Halakanahal villagers	5th Mar. 1907	The statement made by Patel Gurusiddappa and others on 9th April 1904, before the Amildar of Channagiri, is what I now wish to make (1) Right of free grazing in gomal Survey No. 22. He further represents that as applied for by the villagers 100 acres of gomal out of the existing area were phoded at the time of resurvey and given for cultivation owing to the increase of agricultural population in the village, and that on the area thus left, 300 cattle of this village as well as those of Pandumatti have been grazing. If this portion of gomal together with the kharab Survey No 64 is taken to the Forest, there will be no area left for the exercise of the grazing rights as well as of the following, (1) right of bringing firewood for the villager's *bona fide* use, (2) wood for agricultural implements and (3) thorns for fencing purposes. Requests therefore that the kharab and gomal lands proposed to be reserved may be excluded, (2) assessed waste No. 63 which is proposed to be reserved, may also be excluded from the forest for cultivation purposes.	The village accounts show that Survey No. 22 is gomal and 64 is kharab.	The Range Officer who represented the Forest Department says that the village cattle is 160 (cows and oxen) and 53 buffaloes according to the statistics furnished by the shanbhog at the time of settlement He is of opinion that such portions of land Nos. 22 and 64 as are full of teak trees may be reserved and the remaining portion left for the villagers As regards the Amildar's opinion he says that the grazing of 815 cattle of Pandumatti in the area proposed from Halakanahal although there are 344 acres of gomal in that village is not supported by any evidence. However, he wants such portions of survey numbers as would contain teak growth.	I inspected the locality in company with the Amildar and the Ranger. Portions of land Survey Nos 64 and 22 contain good many teak trees; such portions in each survey number being— Acres 64 150 0 22 425 0 The Amildar is of opinion that 600 acres at least may be left to the village for the exercise of the raiyats' privileges The village has 381 acres, 19 guntas of kharab and 701 acres 5 guntas of gomal Out of which the Forest Department wants 150 acres of kharab and 425 acres of gomal as there are numerous teak trees Deducting these portions the village will have 231 acres and 19 guntas of kharab and 276 of gomal aggregating to 507 acres and 19 guntas of land The statistics furnished by the shanbhog shows that there are only 213 head of cattle in the village The area shown above is quite sufficient for the villagers to graze their cattle and also for the exercise of their other rights As regards the grazing of 815 cattle of Pandumatti in the gomal of this village, there is no evidence Under the circumstance I decide that 150 acres out of kharab No. 64 and 425 acres out of gomal No 22 should be taken to the forest and that assessed waste Survey No. 63 should be excluded from the reserve. (Sd) M. Shama Rao, Forest Settlement Officer. 6th March 1907		
Do ...	5th do ...	Claims right of way over a footpath leading to Gandaganahankalu.	Foot path shown in the village map.	May be admitted ..	Admitted. Width of the path allowed for men and cattle only throughout the year is 6 feet. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.		

Marisiddappa, patel, on behalf of Maravanji raiyats.	Do ...	Represents that the raiyats having been bringing wood for agricultural implements, fuel for domestic purposes, thorns, etc., from kharab land Survey No. 85 and that they also graze their cattle there and requests that the same may be excluded from the forest.	The villagers in a body say that they have been grazing their cattle in Survey No. 85.	Range Officer says that there are 1,176 acres and 13 guntas of kharab and 291 acres and 36 guntas of gomal in the village and that it was proposed to take in Survey No. 85, measuring 543 acres and 12 guntas. He wants 500 acres out of the above area to have the line straight.	he Forest Department proposed the appropriation of full Survey No. 85. The Amildar says that the raiyats have been grazing their cattle in Survey No. 85 and bringing therefrom fuel, wood for agricultural implements and thorns for their domestic and agricultural purposes. He is therefore of opinion that with the exception of kharab and gomal the rest may be taken to the forest. The survey number was inspected by me and was found that it contained teak trees. The Ranger wants 500 acres out of Survey No. 85 to preserve the contiguity of the line. There are 1,176 acres and 13 guntas of kharab and 291 and 36 guntas of gomal in the village. If 500 acres out of kharab area be taken to the forest, the village will be left 676 acres and 13 guntas of kharab and 291 acres and 368 gunats of gomal which is more than sufficient for the grazing of 359 cattle of the village and also for the exercise of the raiyats' privileges. Under the circumstance the villagers' contention for the exclusion of full kharab survey number is not reasonable. I therefore decide that 500 acres out of Survey No 85 should be taken into the forest Nothing should be further taken from the village to the proposed Thuppadamadu Forest in the Chitaldrug District. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.		
Muregappa (patel) on behalf of the Madagondanahalli raiyats	5th Mar. 07	Represents that the village consists of more than 500 cattle which have been grazing in the kharab Survey Nos. 36 and 51 now sought to be reserved by the Forest Department and that they have been bringing therefrom wood for agricultural implements, fuel, thorns, etc., for their *bona fide* use. Requests that kharab Survey Nos. 36 & 51 may therefore be excluded from the forest.	There is no documentary evidence to support the claims of the villagers.	The Ranger says that no gomal land has been taken into the forest from this village out of 835 acres and 2 guntas of kharab proposed, he wants only 705 acres as good teak growth is said to exist.	The village consists of 334 cattle, population 903 and 91 houses. The Forest Department wants Survey Nos. 36 and 51 in full. The Amildar is of opinion that 500 acres may at least be set apart for free grazing and other rights of the villagers. I agree with the Amildar's views and order that 645 acres out of kharab Survey No. 36 and 60 acres out of kharab Survey No. 51 total 705 acres should be included in the Reserve and the rest thrown open to the raiyats. As no good grass is said to exist in the portion so thrown out, I also order that free grazing should be allowed for 334 cattle within the limits of Kalhalla and the demarcation line subject to the supervision of the Forest Department. The Range Officer also agree to this (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.

5	Godirappa on behalf of the raiyats of Jammapur.	5th Mar 1907	Claims right of free grazing in Survey No. 23. Represents that the village consists of 600 cattle and that they will have nothing if kharab and gomal Survey Nos. 24 and 23 be taken into the forest and further states that the mamool right of removing wood for agricultural implements will be set at nought if the above lands be included in the Reserve. Requests therefore that the lands may be excluded from the Reserve.	Survey No 23 is shown in the village accounts as gomal and 24 as kharab.	The Range Officer says that the exclusion of Survey No. 23 as desired by the Amildar will lead to run the demarcation line over ridges of hills which is quite against forest conservancy and states that about 316 acres and 3 guntas of kharab may be thrown out from the Survey number	The village consists of 741 cattle with a population of 294 If kharab Survey No 24 and gomal Survey No 23 be acquired for the forest as proposed by the Forest Department, the villagers will have only 10 acres and 31 guntas of kharab which forms an insignificant area for the growing needs of the raiyats and their cattle The Amildar is of opinion that gomal Survey No 23 measuring 394 acres and 22 guntas may be excluded for the villagers and the rest included in the Reserve The raiyats represent that for the exercise of their rights and privileges some portion of kharab Survey No 24 may be excluded in addition to what the Amildar proposed The Ranger wants the demarcation line to be run in straight lines in the interest of forest conservancy and he also agrees to exclude about 316 acres and 3 guntas of land out of kharab Survey No 24 measuring 386 acres and 3 guntas in addition to the exclusion of gomal Survey No 23 in full This change in the line gives an area 720 acres and 5 guntas of land besides 10 acres and 31 guntas of kharab already available in the village This I think is a fair provision to the villagers and order that only 70 acres of kharab should be included within the Reserve (Sd) M Shama Rao, Forest Settlement Officer 6th March 1907		

Forest, dated 24th August 1908.

Halappa, patel of Kalkere.	Do	...	States that Forest Department proposes the inclusion of the following survey numbers in the forest, assessed waste Nos. 20, 22, 23 and 24, kharab Survey Nos 8, 11 and 44 and gomal Survey No. 25. Claims right of free grazing in gomal Survey No. 25 and represents that the cattle of of Tavarikere Magyatanahalli and Jammapur have been grazing in the lands of this village and requests that the kharab and gomal survey numbers may be excluded from the forest; assessed waste lands may also be excluded from the Reserve.	Grazing of the cattle of other villages in the lands proposed for reservation is supported by Hulbanni patrks	The Forest Ranger says that the cattle of Tavarikere do not graze in the area of this village If at all they graze here, it may be on payment of Hulbanni. As regards the grazing of the cattle of Jammapura and Magyatanahalli in this particular tract, the Ranger says that sufficient provision for grazing in Jammapur and Magyatanhalli villages concerning the present settlement has been made. The reservation of Survey No 44 is absolutely necessary as it contains good teak trees. If 1,000 acres have to be left for the village as proposed by the Amildar, only kharab Survey No. 44 may be reserved	There are 163 cattle, 42 houses and 142 population in this village The Amildar says that 1,000 acres may be left for the village But the villagers pray for the exclusion of the entire area proposed by the Forest Department The cattle of the surrounding villages are also said to have been grazing in this area The villagers also urge that the privileges which they have been enjoying from time immemorial will be put a stop to by the Forest Department The Forest Ranger wants the entire area Under these circumstances I consider that it will be a hardship on the concerned villagers in point of grazing their cattle and bringing fuel, etc , for their agricultural and domestic purposes if the proposal of the Forest Department is confirmed. At the same time it is also necessary to reserve the teak growth in the interests of the people and Government in the Forest Department Kharab Survey No 44 contains a thick growth of teak trees. I therefore decide that only kharab Survey No 44 measuring 564 acres and 5 guntes should be taken into the forest and the rest thrown out for the villagers' use. (Sd) M. Shama Rao, Forest Settlement Officer. 6th March 1907.

10	Mahadevia of Dodda-malalu on behalf of the raiyats.	8th Mar. 1907...	Claims right of free grazing in Gomal Survey No. 85.	Supported by village accounts.	This is a Becharak village consisting of 1,869 acres and 34 guntas of kharab and 671 acres and 33 guntas of gomal aggregating to 2,561 acres and 27 guntas Of this 371 acres and 23 guntas of land may conveniently be included in the Reserve without prejudice to the interests of any of the surrounding villages. The Amildar has also agreed to this.	No doubt this is a depopulated village. Merely because it is a Becharak village it is not fair to deprive the privilege holders of the rights they had hitherto been enjoying. This village consists of 26 acres and 20 guntas of cultivated area It is also seen from the original settlement records of Kukwada Ubrani State Forest that 1,724 acres and 23 guntas of kharab and 350 acres of gomal have already been acquired The actual area now available is 321 acres and 33 guntas of gomal and 165 acres and 11 guntas of kharab. But the Forest Department has now proposed 371 acres and 23 guntas of kharab and gomal which I think is unfair. As the Ranger represents that the teak growth here deserves to be guarded against indiscriminate and reckless fellings, I decide that about 50 acres out of kharab Survey No. 1 and 220 acres and 8 guntas out of gomal Survey No. 8, should be taken into the forest and the rest left to the enjoyment of privilege holders. Forest, dated 24th August 1908.

12	Kattappa on behalf of the Rajagondenahalli, Thippagondenahalli and Dandigenahalli villagers'	Do	Represents that the cattle of the three villages mentioned in col. 2 have been grazing in the lands of Durgada Basapura and requests that by reserving the lands now proposed, the cattle will be put to great inconvenience.	Hulbanni accounts show that on payment of Revenue Hulbanni the cattle graze here.	As the village is a Becharak one, the lands proposed may be included in the reserve and the cattle of the three villages may be admitted for grazing on payment of the prescribed rates.	It is gathered that the villagers of the three villages have been grazing their cattle in the area sought for reservation for a very long time on payment to the Revenue Department of a small sum of grazing fee. It is also found that it is absolutely necessary to reserve the area as it contains good teak growth. The cattle of the following villages* will be admitted into the State Forest. (Rangiangiri) for grazing on payment of 6 pies for each cattle (excluding sheep and goats), all the year round, being that which is now taken up from the Durgada Basapura village. With this concession the proposal is confirmed. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.	*1. Rajagondenahalli ... 1,682 2. Thippagondenahalli ... 1,319 3. It was once a depopulated village, but now it is said that there are six or seven houses. The Amildar wants about 500 acres. In the interest of the Forest Department, I decide that Survey No. 9 in full and 90 acres out of Survey No. 10 should be included within the reserve. (Sd.) M. REMARKS.

A. The following rights of way are admitted within the Block.—

I. *Foot-path,* 6 feet wide and about 23 chains long, from Gudhal to Halekal, to be open for men and cattle all the year round It enters the forest in the eastern boundary of Survey No. 163, about 2 chains north from its south-east corner; goes east through Survey No. 165 of Gudhal and quits the forest in its northern boundary about 9 chains south from the south-east corner of Survey No 164.

II. *Foot-path,* 6 feet wide and about 56 chains long, from Halekal to Gummanur, to be open for men and cattle only all the year round. It enters the forest in the south-east corner of Survey No 72, goes south through Survey Nos. 73 of Halekal and 39 of Bahadurghatta and joins foot-path No III *Infra.*

III. *Foot-path,* 6 feet wide and about 33 chains long, from Gummanur to Bahadurghatta, to be open for men and cattle only all the year round. It enters the forest in the north-east corner of Survey No. 97 of Gummanur; goes north-east and east through Survey Nos 102 of Gummanur and 39 of Bahadurghatta and quits the forest at a point in its eastern boundary about 4 chains south from the north-west corner of Survey No. 44 of Bahadurghatta.

IV. *Foot-path,* 6 feet wide and about 102 chains long, from Katihalli to Nandihalli, to be open for men and cattle only all the year round. It enters the forest at a point in its western boundary about 6 chains south from the north-east corner of Survey No. 23 of Katihalli, goes north-east through Survey No. 20 of Katihalli for a distance of about 35 chains and through Survey No. 50 of Nandihalli, for a distance of about 33 chains, turns east and goes through Survey Nos. 51 and 50 for a distance of about 23 chains and quits the forest at a point in its eastern boundary about 11 chains south from the north-west corner of Survey No. 52.

V. *Foot-path,* 6 feet wide and about 9 chains long, from Katihalli to Bevinhalli, to be open for men and cattle only all the year round. It enters the forest in the south-west corner of Survey No. 63 of Bevinahalli, goes east, and quits the forest in its eastern boundary at a point about 2 chains north from the south-west corner of Survey No. 62.

VI. Western demarcation line, 66 feet wide from the north-east corner of Survey No. 167 of Gudhal up to the north-east corner of Survey No. 163 of the same village, to be used by men, cattle and carts all the year round.

B. The following right is admitted within the Block:—

Right to worship Ranganathaswami situated in Survey No. 20 of Katihalli is admitted by a foot-path, 6 feet wide and 23 chains long, which enters the forest at the south-east corner of Survey No. 23 and goes east to the temple in Survey No. 20. The path is to be open for men and cattle on Saturdays only in the month of Sravana, the area of the enclosure around the temple being 121 square yards or one gunta.

By Order,

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following papers relating to the settlement of the Rangiangiri Forest in the Channagiri Taluk of the Shimoga District:—

(1) Letter No. 31, dated the 26th July 1907, from the Forest Settlement Officer in Mysore.

I have the honor to submit herewith a report on the conclusion of the settlement of the Rangiangiri Block in the Channagiri Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation was issued in Government Order No. R. 15384—Ft. 195-05-3, dated the 31st May 1906, and proclamation thereof was issued from this office on the 24th June 1906 and was served on the villagers concerned through the Amildar, Channagiri Taluk.

3. The locality was perambulated and inspected in company with the Amildar, Forest Ranger and the raiyats on the 5th and 6th March 1907. The claims of the villagers were also heard and recorded by me besides those that were investigated by the Amildar in 1904 as directed by the then Revenue Commissioner in his letter No. 525, dated the 30th July 1903. There are no other claims than those mentioned in the accompanying "B" Register.

4. The grievances of the raiyats were carefully considered at the time the decisions were recorded and announced. The area under settlement especially the hill slopes consist of good teak trees. The Ubrani State Forest is situated on the western side of this block.

5. I think that by the present settlement, the interests of the raiyats remain undisturbed.

6. The Deputy Commissioner states in his letter No. 620, dated 13th June 1907, that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted:—

1. "B" Register.
2. "C" Register.
3. Boundary notification.
4. Sketch map, and
5. Topo tracing.

8. The date from which reservation has to take effect has to be inserted in the draft notification.

(2) Letter No. 7719, dated the 23rd January 1908, from the Revenue Commissioner in Mysore, furnishing his remarks on the settlement.

(3) Letter No. 8240, dated the 27th March 1908, from the Conservator of Forests in Mysore, pointing out certain errors and omissions in the settlement papers in question.

(4) Letter No. 305, dated the 21st May 1908, from the Forest Settlement Officer in Mysore, re-submitting the settlement papers and explaining the errors and omissions pointed out.

1	Rudrappa on behalf of Halakanahal villagers	5th Mar. 1907	The statement made by Patel Gurusiddappa and others on 9th April 1904, before the Amildar of Channagiri, is what I now wish to make (1) Right of free grazing in gomal Survey No. 22. He further represents that as applied for by the villagers 100 acres of gomal out of the existing area were phoded at the time of resurvey and given for cultivation owing to the increase of agricultural population in the village, and that on the area thus left, 300 cattle of this village as well as those of Pandumatti have been grazing If this portion of gomal together with the kharab Survey No 64 is taken to the Forest, there will be no area left for the exercise of the grazing rights as well as of the following, (1) right of bringing fire wood for the villager s *bona fide* use, (2) wood for agricultural implements and (3) thorns for fencing purposes. Requests therefore that the kharab and gomal lands proposed to be reserved may be excluded, (2) assessed waste No 63 which is proposed to be reserved, may also be excluded from the forest for cultivation purposes	The village accounts show that Survey No. 22 is gomal and 64 is kharab.	The Range Officer who represented the Forest Department says that the village cattle is 160 (cows and oxen) and 53 buffaloes according to the statistics furnished by the shanbhog at the time of settlement He is of opinion that such portions of land Nos 22 and 64 as are full of teak trees may be reserved and the remaining portion left for the villagers As regards the Amildar's opinion he says that the grazing of 815 cattle of Pandumatti in the area proposed from Halakanahal although there are 344 acres of gomal in that village is not supported by any evidence However, he wants such portions of survey numbers as would contain teak growth	I inspected the locality in company with the Amildar and the Ranger Portions of land Survey Nos 64 and 22 contain good many teak trees; such portions in each survey number being— Acres 64 150 0 22 425 0 The Amildar is of opinion that 600 acres at least may be left to the village for the exercise of the raiyats' privileges The village has 381 acres, 19 guntas of kharab and 701 acres 5 guntas of gomal Out of which the Forest Department wants 150 acres of kharab and 425 acres of gomal as there are numerous teak trees Deducting these portions the village will have 231 acres and 19 guntas of kharab and 276 of gomal aggregating to 507 acres and 19 guntas of land The statistics furnished by the shanbhog shows that there are only 213 head of cattle in the village The area shown above is quite sufficient for the villagers to graze their cattle and also for the exercise of their other rights As regards the grazing of 815 cattle of Pandumatti in the gomal of this village, there is no evidence Under the circumstance I decide that 150 acres out of kharab No 64 and 425 acres out of gomal No 22 should be taken to the forest and that assessed waste Survey No 63 should be excluded from the reserve (Sd) M. Shama Rao, Forest Settlement Officer. 6th March 1907		
2	Do ...	5th do ...	Claims right of way over a footpath leading to Gandaganahankalu	Foot path shown in the village map	May be admitted ..	Admitted. Width of the path allowed for men and cattle only throughout the year is 6 feet (Sd) M. Shama Rao, Forest Settlement Officer. 6th March 1907.		

Forest, dated 24th August 1908.

Marisiddappa, patel, on behalf of Maravanji raiyats.	Do	...	Represents that the raiyats having been bringing wood for agricultural implements, fuel for domestic purposes, thorns, etc., from kharab land Survey No. 85 and that they also graze their cattle there and requests that the same may be excluded from the forest.	The villagers in a body say that they have been grazing their cattle in Survey No. 85.	Range Officer says that there are 1,176 acres and 13 guntas of kharab and 291 acres and 36 guntas of gomal in the village and that it was proposed to take in Survey No. 85 measuring 649 acres and 12 guntas. He wants 500 acres out of the above area to have the line straight.	be Forest Department proposed the appropriation of full Survey No. 85. The Amildar says that the raiyats have been grazing their cattle in Survey No. 85 and bringing therefrom fuel, wood for agricultural implements and thorns for their domestic and agricultural purposes. He is therefore of opinion that with the exception of kharab and gomal the rest may be taken to the forest. The survey number was inspected by me and was found that it contained teak trees. The Ranger wants 500 acres out of Survey No. 85 to preserve the contiguity of the line. There are 1,176 acres and 13 guntas of kharab and 291 and 36 guntas of gomal in the village. If 500 acres out of kharab area be taken to the forest, the village will be left 676 acres and 13 guntas of kharab and 291 acres and 36 guntas of gomal which is more than sufficient for the grazing of 369 cattle of the village and also for the exercise of the raiyats' privileges. Under the circumstance the villagers' contention for the exclusion of full kharab survey number is not reasonable. I therefore decide that 500 acres out of Survey No. 85 should be taken into the forest. Nothing should be further taken from the village to the proposed Thuppadamadu Forest in the Chitaldrug District. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.
Murugappa (patel) on behalf of the Maddagondanahalli raiyats	5th Mar. 07		Represents that the village consists of more than 500 cattle which have been grazing in the kharab Survey Nos. 36 and 51 now sought to be reserved by the Forest Department and that they have been bringing therefrom wood for agricultural implements, fuel, thorns, etc., for their *bona fide* use. Requests that kharab Survey Nos. 36 & 51 may therefore be excluded from the forest.	There is no documentary evidence to support the claims of the villagers.	The Ranger says that no gomal land has been taken into the forest from this village out of 835 acres and 3 guntas of kharab proposed. he wants only 705 acres as good teak growth is said to exist.	The village consists of 394 cattle, population 903 and 94 houses. The Forest Department wants Survey Nos. 36 and 51 in full. The Amildar is of opinion that 500 acres may at least be set apart for free grazing and other rights of the villagers. I agree with the Amildar's views and order that 645 acres out of kharab Survey No. 36 and 60 acres out of kharab Survey No. 51 total 705 acres should be included in the Reserve and the rest thrown open to the raiyats. As no good grass is said to exist in the portion so thrown out, I also order that free grazing should be allowed for 394 cattle within the limits of Kalhalla and the demarcation line subject to the supervision of the Forest Department. The Range Officer also agree to this. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.

5 Godirappa on behalf of the raiyats of Jammapur.	5th Mar. 1907	Claims right of free grazing in Survey No. 23. Represents that the village consists of 600 cattle and that they will have nothing if kharab and gomal Survey Nos. 24 and 23 be taken into the forest and further states that the mamool right of removing wood for agricultural implements will be set at nought if the above lands be included in the Reserve. Requests therefore that the lands may be excluded from the Reserve.	Survey No 23 is shown in the village accounts as gomal and 24 as kharab.	The Range Officer says that the exclusion of Survey No. 23 as desired by the Amildar will lead to run the demarcation line over ridges of hills which is quite against forest conservancy and states that about 316 acres and 3 guntas of kharab may be thrown out from the Survey number	The village consists of 741 cattle with a population of 294 If kharab Survey No 24 and gomal Survey No 23 be acquired for the forest as proposed by the Forest Department, the villagers will have only 10 acres and 31 guntas of kharab which forms an insignificant area for the growing needs of the raiyats and their cattle The Amildar is of opinion that gomal Survey No 23 measuring 394 acres and 22 guntas may be excluded for the villagers and the rest included in the Reserve The raiyats represent that for the exercise of their rights and privileges some portion of kharab Survey No 24 may be excluded in addition to what the Amildar proposed The Ranger wants the demarcation line to be run in straight lines in the interest of forest conservancy and he also agrees to exclude about 316 acres and 3 guntas of land out of kharab Survey No 24 measuring 356 acres and 3 guntas in addition to the exclusion of gomal Survey No 23 in full This change in the line gives an area 720 acres and 5 guntas of land besides 10 acres and 31 guntas of kharab already available in the village This I think, is a fair provision to the villagers and order that only 70 acres of kharab should be included within the Reserve (Sd) M. Shama Rao, Forest Settlement Officer 6th March 1907		

Forest, dated 24th August 1908.

	Halappa, patel of Kalkere.	Do	...	States that Forest Department proposes the inclusion of the following survey numbers in the forest, assessed waste Nos. 20, 22, 23 and 24, kharab Survey Nos. 8, 11 and 44 and gomal Survey No. 25. Claims right of free grazing in gomal Survey No. 25 and represents that the cattle of Tavarikere Magyatanahalli and Jammapur have been grazing in the lands of this village and gomal survey numbers may be excluded from the forest; assessed waste lands may also be excluded from the Reserve.	Grazing of the cattle of other villages in the lands proposed for reservation is supported by Hulbanni patrika.	The Forest Ranger says that the cattle of Tavarikere do not graze in the area of this village. If at all they graze here, it may be on payment of Hulbanni. As regards the grazing of the cattle of Jammapura and Magyatanahalli in this particular tract, the Ranger says that sufficient provision for grazing in Jammapur and Magyatanhalli villages concerning the present settlement has been made. The reservation of Survey No. 44 is absolutely necessary as it contains good teak trees. If 1,000 acres have to be left for the village as proposed by the Amildar, only Kharab Survey No. 44 may be reserved.	There are 163 cattle, 42 houses and 142 population in this village. The Amildar says that 1,000 acres may be left for the village. But the villagers pray for the exclusion of the entire area proposed by the Forest Department. The cattle of the surrounding villages are also said to have been grazing in this area. The villagers also urge that the privileges which they have been enjoying from time immemorial will be put a stop to by the Forest Department. The Forest Ranger wants the entire area. Under these circumstances I consider that it will be a hardship on the concerned villagers in point of grazing their cattle and bringing fuel, etc., for their agricultural and domestic purposes if the proposal of the Forest Department is confirmed. At the same time it is also necessary to reserve the teak growth in the interests of the people and Government in the Forest Department. Kharab Survey No. 44 contains a thick growth of teak trees. I therefore decide that only kharab Survey No. 44 measuring 664 acres and 5 guntas should be taken into the forest and the rest thrown out for the villagers' use. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.

10	Mahadevia of Doddamalalu on behalf of the raiyats.	5th Mar. 1907...	Claims right of free grazing in Gomal Survey No. 36.	Supported by village accounts.	This is a Becharak village consisting of 1,869 acres and 34 guntas of kharab and 671 acres and 33 guntas of gomal aggregating to 2,561 acres and 27 guntas Of this 371 acres and 22 guntas of land may conveniently be included in the Reserve without prejudice to the interests of any of the surrounding villages. The Amildar has also agreed to this	No doubt this is a depopulated village. Merely because it is a Becharak village it is not fair to deprive the privilege holders of the rights they had hitherto been enjoining. This village consists of 26 acres and 20 guntas of cultivated area It is also seen from the original settlement records of Kukwada Ubrani State Forest that 1,724 acres and 23 guntas of kharab and 350 acres of gomal have already been acquired The actual area now available is 321 acres and 33 guntas of gomal and 165 acres and 11 guntas of kharab. But the Forest Department has now proposed 371 acres and 22 guntas of kharab and gomal which I think is unfair As the Ranger represents that the teak growth here deserves to be guarded against indiscriminate and reckless fellings, I decide that about 56 acres out of kharab Survey No. 4 and 230 acres and 8 guntas out of gomal Survey No. 5, should be taken into the forest and the rest left to the enjoyment of privilege holders. 12	Kattappa on behalf of the Rajagondenahalli, Thippagondenahalli and Dandigenahalli villagers.	Do	...	Represents that the cattle of the three villages mentioned in col. 2 have been grazing in the lands of Durgada Basapura and requests that by reserving the lands now proposed, the cattle will be put to great inconvenience.	Halbanni accounts show that on payment of Revenue Halbanni the cattle graze here.	As the village is a Bechark one, the lands proposed may be included in the reserve and the cattle of the three villages may be admitted for grazing on payment of the prescribed rates.	It is gathered that the villagers of the three villages have been grazing their cattle in the area sought for reservation for a very long time on payment to the Revenue Department of a small sum of grazing fee. It is also found that it is absolutely necessary to reserve the area as it contains good teak growth. The cattle of the following villages will be admitted into the State Forest. (Rangianagiri) for grazing on payment of 6 pies for each cattle (excluding sheep and goats), all the year round, the locality portioned out for grazing being that which is now taken up from the Durgada Basapura village. With this concession the proposal is confirmed. (Sd.) M. Shama Rao, Forest Settlement Officer. 6th March 1907.	Cattle. 1. Rajagondenahalli ... 1,662 2. Thippagondenahalli ... 1,319 3. Forest, dated 24th August 1908.

No. R. 1253-7—Ft. 148-07-6, dated Bangalore, 24th August 1908.

Order thereon.—The area of the forest block under notice as originally notified under Section 4 of the Forest Regulation was about 16 square miles. The Forest Settlement Officer has reduced this to 10·28 square miles after making necessary provision for the raiyats whose interests are concerned in the inclusion of the lands of their villages in the forest. Government are pleased to approve of the settlement and to direct the publication of the draft notification submitted by him in the local Gazette as hereunder, the 1st of October 1908 being fixed as the date from which the block shall be declared a State Forest. The additions suggested by the Conservator and the Revenue Commissioner are also inserted under footnote to the said notification.

2. The Deputy Commissioner of the Shimoga District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

3. The alienation of the assessed waste lands noted below is sanctioned and the assessment pertaining thereto amounting to Rs. 49-4-0 will be written off the accounts.

REMARKS.

A. The following public rights of way are admitted within the block:—

(1) *Foot-path.*—Six feet wide from Gandaganahankalu to Halakanal open for men and cattle only all the year round. It enters the forest at a point between Gandaganahankalu and Halakanal boundary about 43 chains south from the trijunction bandhs of Gandaganahankalu, Mavinhole and Halakanal, goes east through Survey No. 64 for a distance of bout 24 chains and quits the reserve at a point about 50 chains south-east from the above aid trijunction bandhs.

Forest, dated 24th August 1908.

(2) *Cart track.*—Fifteen-feet wide from Chikkasandi to Channagiri open for men, cattle and carts all the year round. It enters the forest at a point in the northern boundary of Chikkasandi about 14 chains west from the trijunction of Chikkasandi, Magyatanahalli and Kalkere, goes north-east and north through Survey No. 44 for a distance of about 112 chains and through Survey Nos. 24 and 25 of Durgadabasavapura for a distance of about 2 and 58 chains respectively and joins cattle-track No. 6 *infra*.

(3) *Foot-path.*—Six feet wide from Chikkasandi to Jammapura open for men and cattle only all the year round. It enters the forest where cart-track No. 2 enters and goes north-east and north for a distance of about 80 chains where it joins track No. 2 and branches again in Survey No. 44 of Kalkere and 24 of Jammapura for a distance of about 13 and 20 chains respectively and quits the reserve at point about 45 chains north from the boundary bands of Jammapura and Kalkere.

(4) *Cart-track.*—Leading to Sitapurkatte 15 feet wide. It branches from cart-track No. 2 in Survey No. 44 and goes west to the katte, length being about 19 chains. It is open for men, cattle and carts when there is water in the katte.

(5) *Cart-track.*—Twelve feet wide from Doddamalalu to Bandigudi open for men, cattle and carts only all the year round. It enters the forest in its southern boundary about 3 chains south from the north-west corner of Survey No. 21 of Doddamalalu goes west for a distance of about 24 chains through Survey No. 5 of the same village and then enters Bandigudi through the Kukwada Ubrani State Forest boundary.

(6) *Cattle-track.*—Sixty six feet wide from Channagiri to Durgadabasavapura. It enters the forest in its eastern boundry in Survey No. 22 of Halkanal and goes south-west through Survey No. 22 of Halakanal, 85 of Maravanji and 5 of Durgadabasavapura for a distance of about 14, 85 and 24 chains respectively and enters Durgadabasavapura lands.

Note. (i)—Sitapurkatte in Survey No. 44 of Kalkere is treated as an enclosure and a camping ground of 5 acres all round has been given.

(ii) A fire line during summer may be burnt at the outer foot of the hill within the limits of Chikkasandi village without prejudice to the interests of the raiyats.

(iii) A margin of 5 chains to be left around the edge of cultivation when clearing the final demarcation line.

(iv) Nothing should be further taken from Maravanji village to the proposed Thuppadamadu Forest in the Chitaldrug District.

(v) The villagers of Madagondanahalli are permitted to graze their cattle (334), except sheep and goats, free in the State forest within the limits of Kallahalla and the demarcation line subject to the supervision of the Forest Department throughout the year.

(vi) The Survey Nos. 13, 14 and 16 (under cultivation) with a village site, of Durgadabasavapura have been treated as an enclosure with a camping ground of five acres all round.

(vii) The cattle of Rajagondenhalli 1,682, Thippagondenhalli (1,319) and Dandigenahalli (200) will be admitted into the State Forest for grazing on payment of six pies for each cattle (except sheep and goats) in lands taken from Durgadabasapura from 1st June to 31st December in the open areas.

By Order,

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue Miscellaneous, dated 25th August 1908.

READ—

Letter No. 1317c, dated the 27th May 1908, from the Revenue Commissioner in Mysore, seeking instructions of Government on certain points which have arisen in appeal case No. 79 of 1907-08, on the file of his Court.

No. R. 1280-9½—R. M. 310-07-2, DATED BANGALORE, 25TH AUGUST 1908.

ORDER THEREON.—A jungle-stream taking its rise in some hills above the village of Sunkal-Hosur in the Hole-Narsipur Taluk and passing through dry land Survey No. 5 of that village, belonging to one Venkoba Rao, was dammed up by him in 1904-05 within the limits of the said survey number, in order to irrigate it. Thereupon, the Jamabandi Officer (Mr. B. Ramaswamaiya), directed that a water-rate of Rs. 20-11-6 should be levied from Venkoba Rao. The latter appealed against this order to the Deputy Commissioner, stating that he was not liable to pay any water-rate under para III of the Survey Guarantee, as he had merely utilized the water of a stream flowing through his land. The Deputy Commissioner, however, rejected the appeal. On second appeal, the Revenue Commissioner has forwarded the case for the orders of Government, as he feels some doubt whether, in accordance with the principles laid down in Government Proceedings No. 11,033—641, dated the 17th December 1890, and No. 3542—51, dated the 15th March 1903, and para III of the Survey Guarantee, the appellant would not be entitled to exemption from payment of water-rate; and is of opinion that, if such a right on behalf of land-holders to irrigate their lands by damming up jungle-streams within their own lands is recognized, it would be necessary to subject it to some restrictions, in order to safeguard the rights of Government to utilize, when occasion arises, the water-supply which may be derived therefrom.

The orders referred to by the Revenue Commissioner are not, as observed by him, exactly applicable to the present case. The order of 1890 refers to a case in which the water was derived from springs arising in the land itself; and Government Proceedings No. 3542-51, dated the 5th March 1903, merely lays down that an occupant, who constructs dams across, or draws water direct from, a stream, not within the boundary of his occupancy, is liable to water-rate, and does not decide what are the rights of a land-holder to use the water of streams passing through his holding. The stream from which the water is drawn is stated to be a small affluent of the Hemavati. The right to its water vests therefore in Government, under Section 36 of the Land Revenue Regulation; and Government may levy a water-rate for its use under Section 53. Para III of the Survey Guarantee of 1870 is merely intended to encourage land-holders to create new sources of irrigation for their own lands, and does not confer any power on them to use water flowing in defined streams through their lands, so as to affect the supply to any Government work of irrigation. In the case under reference, no water-rate need be levied, as the dam has been constructed within the land itself, and there are no Government works of irrigation below it, dependent on the water of the stream in question. Government, however, consider that no person should be allowed to utilize water flowing in streams passing through private holdings without obtaining previous permission; and such permission, when granted, should be subject to the express condition that the use of water may be prohibited and any private work of irrigation, which may have been constructed, may be required to be removed, if such a course is found necessary, in order to construct any new Government work of irrigation, or for the purpose of securing an adequate supply of water for any such existing work, or for improving it.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue Miscellaneous, dated 26th August 1908.

READ—

Petition from one Rame gowda of the Nichanagunte village in the Mulbagal Taluk, praying that the tope in Survey No. 57 of the said village, which has been treated as kharab at the time of the Survey and Settlement, be recognized as his private tope and given over to him free or on payment of assessment, as it was one planted by his ancestors.

Letter No. 11092, dated 11th April 1908, from the Revenue Commissioner in Mysore, submitting a report on the above petition.

No. R. 1314—R. M. 73-07-4, DATED BANGALORE, 26TH AUGUST 1908.

ORDER THEREON.—The only evidence which the petitioner is able to adduce in support of his claim to have the tope considered as a private one is contained in a patta granted in the year Manmatha (1835-6) to his grand-father and in the chitta accounts of Siddarthi (1859-60) in which the tope is mentioned as a dharma tope made by his grand-father.

2. The Revenue Commissioner and the Deputy Commissioner support the recommendation of the Malur Sub-Divisional Assistant Commissioner (Mr. K. Srinivasa Rao) that in accordance with Government Order No. 6621-8—P. 725, dated the 12th March 1880, the tope may be made over to the petitioner and entered in the name of the eldest member of his family, as agreed to by him, on condition of his paying the full assessment thereon from the date of the Survey and Settlement and that the value of the trees need not be recovered as required by Government Order No. 12534-44—R. F. 116-92, dated the 24th January 1895, as the tope was planted by the petitioner's ancestors.

3. Government observe that the Order of 1880, quoted by the Sub-Divisional officer, was not a final order and was superseded by the later order of 1895. It is strange that both the Deputy Commissioner and the Revenue Commissioner have overlooked this circumstance when supporting the Sub-Divisional Officer's recommendation.

4. Government observe that according to the principle laid down in the Order of 1895, the petitioner has no claim to have the tope granted to him as his private property. It has been rightly declared to be a public charity and treated as kharab at the time of the Survey and Settlement. As, however, there does not seem to be any doubt that the tope came into existence through the public spirit of his ancestors, Government have no objection to its being made over to the petitioner as a managing trustee empowered to use its produce for its maintenance and improvement and liable to account for it to Government whenever called upon to do so on the analogy of the case dealt with in Government Order No. 6263-70—Pet. 849, dated the 14th January 1898.

5. The petitioner in his petition states that he has been allowed to take dead and fallen trees from the tope in accordance with an endorsement issued by the Assistant Commissioner on the 25th November 1894. The reports furnished do not contain information as to whether such a concession has been allowed and whether it is justified by the entries in the Faisal Patrika or other reliable evidence. The Revenue Commissioner should cause further enquiries to be made in the matter and satisfy himself that the exercise of this right would not in any way tend to interfere with the maintenance of the tope in trust for public use.

No. Fl. 626-46—Gen. Fin. 365-07, dated Bangalore, 5th August 1908.

Order.—Subject to sanction of Government in each individual case, a touring officer may be allowed for the purchase of a motor car, an advance of an amount not exceeding three months' pay or Rs. 4,500, whichever is less. Recovery will be made by deducting monthly instalments equal to one-twelfth part of the advance from the salary bills of the officer concerned. Ordinarily the amount to be recovered monthly in adjustment of such advances should not be affected by the fact of an officer going on furlough or sick leave on half pay; but the instalments may be reduced at the discretion of Government, provided that the whole advance must in any case be recovered within one year from the month following that in which it is made.

Letter No. 6621—B. and R. 1325, dated the 6th June 1908, from the Comptroller in Mysore, submitting the Appropriation Report on the accounts for the year 1906-07.

No. FL. 826-66—G. F. 222-07-2, DATED BANGALORE, 15TH AUGUST 1908.

ORDER THEREON.—With a view to the formation of a famine reserve, the budget for 1906-07 provided for the saving of a sum of rupees two lakhs as a beginning and it is satisfactory to note that this anticipated saving has been realised in the accounts for the year and in their Order No. 6050—G. F. 280-04-55, dated the 6th February 1907, Government have decided that a surplus of two lakhs should be secured annually as a provision for insurance against famines.

2. The whole of the net surplus from the Cauvery Power Scheme could not be saved in 1905-06 owing to the unfavorable seasons which adversely affected that year's revenue to an appreciable extent. In the year under report, however, it was possible to set aside, in accordance with the resolution on the subject, the whole of this surplus for recoupment of the Government balance.

3. At the time the budget was framed, the surplus anticipated in the ordinary account was Rs. 20,000 and against this the realised surplus was Rs. 4,40,000 and this result was due to an improvement of revenues of Rs. 2,30,000 and a saving in expenditure of Rs. 1,90,000 as compared with the estimate.

4. The forecast of revenue under "Forest," "Assessed Taxes," "Sayer Customs," "Salt" and "Registration" was very accurate and the estimates closely approximate the actuals. The estimates under the other principal heads of revenue were also fairly correct and the actuals do not materially vary from the estimates except under "Land Revenue" and "Mining Royalty" and "Leases." The increase of about one lakh under the former was due to the collection of the suspended arrears of the previous year and the decrease of about a lakh and a half under the latter was the result of the diminished output of gold by the mines notably by the Champion Reefs Mine. The improvement of three-quarters of a lakh under "Excise" was contributed both by arrack and toddy, and the decrease of half a lakh in the revenue from "Stamps" was under Court Fee stamps and the causes of this falling off require investigation and the attention of the Commissioner of Stamps is invited to the matter.

The decrease under "Interest" was chiefly under "Interest on Loans." As in the previous year even the very moderate estimate of Rs. 1,29,000 against the total demand of Rs. 3,06,000, was not realised in the year under report and the actual has fallen short of the estimate by nearly half a lakh. The arrears of interest due on the loans to encumbered Jahgirdars," "Special Loans" and "Loans to Agricultural Banks" are very heavy and the attention of the Revenue and Deputy Commissioners is invited to the orders of Government in para 3 of their Proceedings No. 9417, dated the 24th June 1907.

The estimates of revenue from the Cauvery Power Scheme and the Bethmangala Water Works were apparently based on the experience of the previous year but as the supply of electric power and water to the mines during 1906-07 was fuller than in 1905-06 there were increases of about one and a half lakh and three-quarters of a lakh respectively in these two sources of income.

The estimate of gross railway receipts proved too low and the actual exceeded the budget by nearly two lakhs and a half.

The expenditure estimates were on the whole well foreseen and the only noticeable divergence between the estimates and actuals is under "Forest" "Interest," "General Administration," "Stationery and Printing" and "Railways" I and the variations under the other heads are comparatively small and represent only the usual fluctuations. The full provision for "Conservancy and Works" could not be worked out owing to the shortage of labour for transport of timber, and this chiefly accounts for the decrease of about half a lakh under "Forest".

Financial, (General Finance), dated 15th August 1908.

The saving of about half a lakh on the budget estimate under "Interest" was due to the reduction in the amount of the Savings Bank Deposits by the conversion of a portion of it into a funded debt on account of the third installation of the Cauvery Power Scheme and to the imposition of limits on the amounts that could be invested by each depositor.

The expenditure under "General Administration" exceeded the estimate by nearly a lakh and the increase was chiefly due to higher rates of pay sanctioned to some of the officers, to the purchase of two motor cars and to the adjustment of arrears of charges on account of the visit of Their Royal Highnesses the Prince and Princess of Wales.

The provision for purchase of "Material and Type" could not be fully utilised as the order placed for their purchase was not executed before the close of the year and this accounts for the saving of about half a lakh under Stationery and Printing".

The increase under "Miscellaneous" was the net result of the special contribution of Rs. 83,000 sanctioned during the year for the acquisition and demolition of the insanitary houses in the Krishnaraj Mohalla of the Mysore City and of the decrease of about half a lakh under the plague charges.

The interest and sinking fund charges on account of the loan for the third installation were not provided for in the budget estimate of the Cauvery Power Scheme and their inclusion in the accounts explains the increase in the Revenue Account of the Scheme.

The increase in the expenditure on "Railways" as compared with the estimate was under working expenses, corresponding to the increase under receipts.

6. In para 13 of the report is given a list of the items of expenditure incurred in excess of budget grants and therefore requiring the sanction of Government. It is observed that the excesses were either unavoidable or were the result of new expenditure authorized by Government and they are accordingly sanctioned. The Comptroller may admit them finally in audit.

7. The amount held under objection at the end of October 1907 was less than half of that on the corresponding date of the previous year and this reduction is satisfactory. The Mysore District is still responsible for three-fourths of the amount under objection and the spending and Treasury Officers should take effective steps to comply promptly with the requirements of audit and have the outstanding amounts finally admitted.

Extract from the address presented by Mr. C. Danvers on behalf of the North Mysore Planters' Association, at the Representative Assembly held in October 1906, suggesting the desirability of reducing the number of liquor shops.

2. Representation made by the members of the Dasara Assembly of 1907 in Subject No. 295 to the same effect.

3. Correspondence ending with the following letter No. 247, dated 30th June 1908 on the subject from the Excise Commissioner in Mysore, (and enclosure).

Adverting to your letter No. Fl. 6507—S. R. 68-06, dated 15th June 1908, regarding the representation made by the members of the Dasara Representative Assembly and the address of Mr. C. Danvers presented to the Dewan praying for a reduction in the number of liquor shops in the Malnad, I have the honor to state that the question of reducing the number of liquor shops throughout the State and especially in the malnad has been engaging my serious attention. During my tours I made a special study of this question and conferred with the Planters also in the Kadur District. I also entered into a series of correspondence with the North and South Mysore Planters' Associations to ascertain what they actually wanted.

(2) As regards the general closure of shops I issued a Circular Memorandum No. 4812-19, dated 23rd December 1907, a copy of which is enclosed for reference, laying down the lines on which the sale conducting officers and the District Excise officers should reduce the number of Excise shops. I am glad to say that the scheme met with unprecedented success and we have been able to close more than 250 shops for the year 1908-09 and at the same time get an increased rental. This subject will be dealt with in more detail in the report on the results of the sales for 1908-09 which will be submitted shortly.

(3) The South Mysore Planters' Association in their letter of the 24th December 1907, desired the marginally noted shops to be closed. Of these all the proposed shops in the Hassan District will be closed and of the shops in the Kadur District some were not identifiable and others will be closed. The North Mysore Planters' Association wanted five arrack shops, seven bagani toddy shops and one toddy shop, besides every other one on the Belur-Kalasa road to be closed. Of these as many as possible have been closed. Others could not be closed in the interests of the legitimate Excise revenue of the State as well as to prevent illicit distillation, illicit tapping and other malpractices. The entire records ending with the Kadur Deputy Commissioner's letter No. 552, dated 24th May 1908, are herewith submitted and detailed information is given therein.

1. Hindi bagani toddy shop	Hassan District.
2. Bage ditto	
3. Gulgalale bagani and date toddy shop ...	
4. Small Angadies along the roadside ...	Kadur District.
5. Angadi	
6. Kiriganda	
7. Shop at the turn to Gouribid ...	

(4) I may also mention for the information of Government that in the Kadur District, in all 8 arrack shops, 39 bagani toddy shops and 10 date toddy shops will be closed for the next year. In the Manjarabad Taluk of the Hassan District, 2 arrack shops, 2 ganja shops, 3 opium shops, 1 toddy shop and 60 bagani toddy shops will be closed for the next year. In the Belur Taluk, 3 shendi arrack shops, 4 toddy shops, and 22 bagani toddy shops will be closed for the next year.

Enclosure.

CIRCULAR MEMORANDUM.

"By restricting the statistics from five to three years and changing the form of the schedules, considerable reduction has been achieved in the size and bulk of the Excise sale schedules of the current year. In the schedules for the next official year, it is proposed to omit the figures of consumption for the six months of the current year, but to give the figures of consumption for the three preceding years. It is believed that the figures for the half year do not serve any practical purpose and the Deputy Commissioners are requested to state whether the retention of these figures is necessary.

2. The Excise Commissioner is of opinion that much use is not made of these schedules either by the bidding public for whom they are chiefly intended or by the sale conducting officers. It is therefore a question to be considered whether it will be sufficient if the average only of the figures of consumption and rentals for three years are given in the schedules. If this course be adopted, a further reduction in the bulk of the schedules could be made. In Madras the average of the previous five years' rentals only are given for the information of the bidders. The Deputy Commissioners are requested to give their opinion in the matter.

3. In case the term of the Excise leases were to be extended to three years, opinions are invited as to how the assignment of date groves should be made.

4. During the recent tour of the Excise Commissioner, it was observed that in some of the taluks the Excise shops, especially those of toddy, were too many and capable of reduction and in fact, some of the shops existed in name only but were not worked. The considerations, which in the words of the Government of India, must govern the decision as to the number of shops to be established in a given area are as follows:—"If shops are allowed to be so sparse that each has a practical monopoly over a considerable area, prices will inevitably be raised and illicit practice encouraged: this danger

Financial, (Separate Revenue), dated 3rd August 1908.

will be accentuated if the limit of private possession of liquor is reduced On the other hand, while shops need not necessarily be so limited in number as to make it impossible for a resident in a particular area to get his liquor except from one particular shop, it should only be possible for him to do so at the cost of considerable inconvenience, and he ought to have as little freedom of choice in the matter as possible. If two or more shops are equally convenient to any considerable number of persons, the fact affords what the Government of India would regard as *prima facie* evidence that the number of shops in that particular area is excessive" A peculiar feature in the Mysore State is the existence of toddy shops in Inam villages whose Excise revenue from toddy has been conceded to the Inamdars. Very great care will have to be exercised in closing the Government toddy shops located near an Inam village as otherwise undue importance may be attached to the Inam shops much to the detriment of the Government toddy revenue.

5. In regard to the number and location of shops it is under consideration to introduce the system advocated by the Indian Excise Committee as approved by the Government of India. It will be some time before this could be done and in the meanwhile the District Excise Officers are requested to submit with the approval of the Deputy Commissioners a memo along with the sale schedules showing the names of shops proposed to be closed or opened with full reasons for the same As far as possible, care should be taken to merge the rental of the shops proposed to be closed in that of the neighbouring shops. It is not possible to predict before the sales how far this could be successfully done. This is a matter which should be settled at the time of sales The memo should be submitted to the Excise Commissioner to enable him to decide whether the closure or opening of shops proposed could be permitted on general grounds.

6. In regard to the sale of jatra, shops attention is invited to this office No. 3224-3239, dated 9th March 1907. The instructions therein contained are reproduced below —

(1) Where the jatra is held in the village or in close proximity to it, the most proper course is to include the jatra shop with the shop of the village and to dispose of the combined privilege by auction at the annual sales, and in such cases should the celebration of the jatra be forbidden by Government, remission proportionate to decreased consumption should be granted.

(2) The jatra shops are to be separately sold without being attached to any particular shop only in case where the jatra is held at a distance of one mile or more from any licensed shop. In the disposal of these jatra shops, the District Excise Officer should, at least a month before the commencement of the jatra, submit his proposals to the Deputy Commissioner in the matter of giving the jatra shop to the licensee of the nearest regular shop for a lump sum to be fixed with reference to the probable consumption at the jatra. Failing the acceptance of the offer by the said shop-keeper or where there is competition between several licensees similarly situate, the right of vend at the jatra should be disposed of by public auction on a day to be notified at least a week in advance of the date of the jatra

7. It is specially requested that strict punctuality should be observed and enforced in the submission of the schedules and the memo, as otherwise much difficulty will be felt in the timely issue of the schedules for publication.

8. The date on which the sales are proposed to be held should also be sent early."

No. Fl. 535-43—S. R. 68-06-4, dated Bangalore, 3rd August 1908.

Order Thereon.—The Excise Commissioner Mr. Sparkes, reports that as the result of the action taken by him to reduce the number of liquor shops throughout the State and especially in the malnad, he has arranged to close during the current year 8 arrack shops, 39 bagani toddy shops and 10 date toddy shops in the Kadur District, 2 arrack shops, 2 ganja shops, 3 opium shops and 61 toddy shops in the Manjarabad Taluk of the Hassan District, and 3 arrack shops and 26 toddy shops in the Belur Taluk of the same District. It is also stated that altogether more than 250 shops have been closed for 1908-09. The further detailed report promised by the Excise Commissioner is awaited. Meanwhile, this summary will be cummunicated to the members of the Dasara Representative Assembly who mooted the subject.

Correspondence ending with letter No. Fl. 3117, dated 28th December 1907, to the Excise Commissioner in Mysore.

No. FL. 615-24—S. R. 69-06-5, DATED BANGALORE, 5TH AUGUST 1908.

ORDER THEREON.—A representation having been made at the Representative Assembly of 1906, that the present system of annual sales of arrack and toddy leases was disadvantageous both to the Government and the contractors and that the sales may hereafter be held once in three or five years, the representation was referred to the Excise Commissioner for opinion.

2. The Excise Commissioner recommends that, as a beginning, arrack, date toddy, ganja, akkibhoja and foreign liquor licenses may be sold for three years. He does not recommend any alteration in regard to the sale of bagani toddy and beer licenses. His reasons for this recommendation are (1) that the licensees will, under the proposed system, have better opportunities of making good any losses they may sustain in bad seasons and (2) that under the present system they have to purchase and sell their plant every year at a loss and find much difficulty in obtaining the requisite tree tappers, but that under the proposed system many of these difficulties will disappear and more substantial men will be secured as licensees. His reasons for leaving undisturbed the existing system of annual sales in regard to Bagani toddy and beer licenses are that a large number of the present petty bagani toddy shops are not necessary and may be closed, that beer shops are extremely few, their number fluctuates year by year and the revenue from this source is small; so that in these circumstances it is undesirable to bind Government for any period.

3. The Excise Commissioner also proposes that if the above scheme is approved, he would fix the upset price of each shop or group of shops at the average of the last three years and sell such of them as fail to realise this upset price, only for one year.

4. The policy of extending the term of leases was considered by the Indian Excise Committee of 1905 and they were not in favor of it. The Government of India have, however, expressed themselves in favor of extending the auction period, but have left it to local Governments to decide between a yearly auction system and one for a longer term, only laying it down that the period should not be so long as to make it possible for vested interests to grow up and should in no case exceed three years.

5. After a careful consideration of the subject, Government are inclined to think that there is some force in the view of the Excise Commissioner, but it appears to them that for the present it is undesirable to disturb the existing system of annual leases which has much to recommend it. At the same time Government consider that discretion may be given to the Excise Commissioner to extend the term of lease in the case of date toddy shops to three years in special cases, where from the absence of trees in a particular area, special arrangements have to be made by the contractor for transporting toddy from a distance; or where it is necessary to organize an establishment for tapping at much initial cost; or where owing to large quantities of toddy being available in adjoining taluks the contractor is exposed to loss by underselling. In such exceptional cases as these, the Excise Commissioner may extend the period of leases for date toddy in the particular localities concerned and submit to Government a report of the action taken by him in each case.

6. Government desire to further consider the subject after some experience has been gained of the working of the limited discretion now vested in the Excise Commissioner. He is accordingly requested to submit a report in due course as to how the arrangement works in cases in which the term of leases is extended by him under the authority of this order.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 7724, dated 16th March 1908, from the Excise Commissioner in Mysore. submitting proposals for increasing the pay of the Taluk Excise Vottu Mutsaddis.

I have the honor to state that during my recent tours of Inspection, I examined the Excise Registers maintained in twenty-one taluks and I found in the majority of cases the way in which these registers were kept were far from satisfactory.. The chief reason assigned to this is the ignorance of the incumbent known as Vottu Mutsaddi. Wherever I went it was the same excuse brought forward, *viz.*, that the present man was acting or had been newly appointed. At present there are 68 Vottu Mutsaddis, 10 of whom draw Rs. 12 per mensem and the remaining 58 draw Rs. 10 per mensem. A ten rupee appointment or a twelve rupee one being the lowest post in the taluk office, the place of a Vottu Mutsaddi is invariably made a stepping stone to a higher appointment in the Land Revenue Branch. What is generally done is that a Junardar or a new candidate is first appointed a Vottu Mutsaddi and after a few months when there is a vacancy, if the official is fairly intelligent and industrious, he is promoted and another new applicant is put in his place. During this short period in which he begins to work as Vottu Mutsaddi he will only be able to pick up the most elementary principles regarding the maintenance of these registers. By the time he becomes fairly conversant with the subject he is given a lift and the Excise Registers are left to look after themselves as best as they can with the new man. In these cases in which an official has been working as a Vottu Mutsaddi for a sufficiently long time he is generally to be wanting in intelligence and not up to the work. Had he been fairly good he would certainly not have remained for any length of time as Vottu Mutsaddi.

2. Such is the general condition of things prevailing throughout the State and yet the collection of more than forty lakhs of rupees every year depends to a considerable extent on these poorly paid Vottu Mutsaddis. The maintenance of the Excise Registers in the taluk requires more than ordinary intelligence and is highly technical. The importance of the registers and returns, the way in which the different statistics have to be verified and the timely action that has to be taken in all cases are not matters which can be understood in a day or two. Added to this, there is the work in connection with the Bonded Depot which also devolves upon this low paid officials. The safety of the Excise revenue depends to some extent upon the way in which this Taluk Excise clerk works and maintains his registers. Besides, the changes ordered in Government Proceedings No. Fl. 4513-22—S. R. 34-05-4, dated 14th December 1906, in regard to the maintenance of the Excise Day Books and Ledgers have made the Taluk Registers of paramount importance. But the pay that is now paid to these Vottu Mutsaddis is quite incommensurate with the work that is expected of them and that they have to do. In fact, the chief reason assigned by Deputy Commissioners to the unsatisfactory condition of the Excise Registers and to the state of things above described is the low pay which is now paid to the Vottu Mutsaddis.

3. It was in the year 1893 that the Excise Commissioner submitted proposals for the entertainment of Vottu Mutsaddis in all the taluks in connection with the Excise work and Government in their Proceedings No. 10808-17—R. F. 17-92, dated 6th January 1894, sanctioned the entertainment of these officials on Rs. 10 each in the taluks where the Excise revenue was below Rs. 50,000 and Rs. 12 each in the taluks where the Excise revenue was above Rs. 50,000. But the scale of pay then fixed continues to be the same to the present day, though the Excise revenue has increased from Rs. 30,59,000 in 1893 to Rs. 42,33,251 in 1906-07, and many of the taluks which fetched less than Rs. 50,000 in 1893 are now giving more than the minimum prescribed. I am not able to say why the pay of Vottu Mutsaddis of those taluks in which the Excise revenue went above the minimum was not raised. A statement showing the Excise revenue in each taluk for the past five years is enclosed for reference. So far back as 1898, the Deputy Commissioner of Chitaldrug strongly recommended a general increase of pay to Vottu Mutsaddis from Rs. 10 to Rs. 15 on the ground that the work of these officials had considerably increased on account of the amalgamation in 1894 of the toddy and arrack branches of the Excise Department and the introduction of the tree-tax system, that at the revision of the Taluk Establishment the pay of the Deputy Munshi was raised from Rs. 12 to Rs. 15 owing to the increase of work, that although the work and the responsibilities of the office of Vottu Mutsaddi cannot be considered to be less than those of the Taluk Deputy Munshi, the pay of the former remained the same and that if the pay of the Vottu Mutsaddi be not raised to at least Rs. 15, it would by no means be easy to secure competent men for this branch of service. Since the Deputy Commissioners wrote the above, the work has considerably increased owing to the complete introduction of the separate shop

system and the tree-tax system and to the development of the revenue. In the year 1904 the Deputy Commissioner, Mysore District, wrote as follows:—

"I have the honor to state that the Vottu Mutsaddis of taluks are working hard and "that their work is in no way less than that of the Taluk Gumastas and Deputy Gumastas "who are better paid. Vottu Mutsaddis have to keep Day Books and Ledgers and attend to "the writing up of chellans when remittances are constantly received from contractors on "account of rental and tree-tax, etc. They will have also to look after the correspondence in "connection with the recovery of arrears and preparation and submission of periodical "returns. As their pay is less than that of a Deputy Gumasta or Deputy Munshi in taluks, they "are constantly taken away to the revenue department on promotion and their places are "generally filled up by men in the inferior service and consequently work suffers to a con- "siderable extent. I therefore request the favor of your recommending a gradation of their "pay to rise from 12 to 15 by annual increment of one rupee in view to place these appoint- "ments on a par with those of Deputy Gumastas and Deputy Munshis and also office Sub- "Inspectors in the Excise Department" This letter was circulated to all the other Deputy Commissioners and they are unanimously of opinion that the pay of these hard worked officials should at once be raised to 12—1—15. I cannot but think that the above is the only remedy for the present unsatisfactory state of things. An increased pay is sure to fetch a better stuff and the person appointed will stick to his appointment for a sufficient length of time since it will be a graded one and will be on a par with the appointment of Deputy Gumasta and Deputy Munshi. The Deputy Commissioners will not disturb these officials from their office as Vottu Mutsaddis and consequently the satisfactory maintenance of these technical Excise Registers may be looked to. There can be no doubt that these Excise clerks will then work with enthusiasm as their prospects are made brighter. A Vottu Mutsaddi who is entertained on Rs. 12 and who gives satisfaction to his superior officers in his work can aspire to the next grade of Vottu Mutsaddis on Rs. 15—1—20, of which there may be three and about which I will write presently, or he may aspire and get a post in the District Excise Office and finally in the office of the Excise Commissioner. Thus even if the Excise Department is made a close Department as advocated by the Indian Excise Committee and approved by the Government of India in respect of these small appointments also, the prospects of the official are not dull and he will not have to rust in any appointment for a considerable length of time without any promotion. The official, provided he works hard and is fairly intelligent, is sure to rise to the top of the ladder to which such officials can reasonably be expected to rise. With such inducements it will be quite possible to get a more efficient class of Vottu Mutsaddis who will work with energy and vigour. The jeopardy to which the Taluk Excise revenue is now put owing to the entertainment of ignorant and inefficient men will to a considerable extent disappear. In the interest of the State Excise revenue it is highly necessary that the pay of these Vottu Mutsaddis should be raised as urged by all the Deputy Commissioners.

4. Bangalore, Bowringpet and Mysore are by far the most important taluks in the point of Excise revenue and I beg to submit that the Vottu Mutsaddis of these places should get a pay of not less than Rs. 15, rising by annual increments of Re. 1 to Rs. 20 a month. The heavy responsibility that devolves upon these officials justifies the recommendation. The Deputy Commissioners of Malnad Districts recommend a malnad allowance of Rs. 2 and a semi Malnad allowance of Re. 1 per mensem. This proposal also commends itself and I submit the same for the kind consideration of Government. In the Malnad, living is very costly and undermines health. It is necessary to allow Malnad allowance if Malnad service is to be made more attractive. All Government officials down to a police peon get Malnad allowance. I, therefore, request that Government may be pleased to extend the same concession to the Vottu Mutsaddis.

5. A proposition statement showing the proposed increased pay is submitted. In the first year there will be an increase of Rs. 1,500 in the expenditure under the item of pay of the Vottu Mutsaddis. In the second year this expenditure will be doubled and in the third year it will reach the maximum of Rs. 4,500, leaving out of the account the small increase of Rs. 36 every year for a further period of two years to be paid to the three Vottu Mutsaddis of Bangalore, Bowringpet and Mysore. The extra amount spent in this direction will undoubtedly be in the interest of the State Excise revenue and I cannot too strongly urge upon the necessity of sanctioning the increase of pay to these Vottu Mutsaddis with effect from the beginning of the next official year. I beg to add that I have included in the next year's budget an amount of Rs. 1,500 on this account, for which I solicit the sanction of Government.

Financial (Separate Revenue), dated 14th August 1908.

2. Correspondence ending with letters Nos. 5970 B and R 1209, dated the 9th May 1908, from the Comptroller, Mysore Government, submitting the proposition statement duly verified.

No. Fl. 788-97—S. R. 197-07-6, dated Bangalore, 14th August 1908.

Order thereon.—There are in all 68 Vottu Mutsaddis, of whom 10 are on Rs. 12 per mensem and 58 on Rs. 10. In the first of the letters read above the Excise Commissioner has adduced strong reasons for improving the position of this class of officers. He proposes that they may be placed on progressive scales of pay as follows:—

3 on Rs. 15—1—20
65 on „ 12—1—15

Government are pleased to accord sanction to this proposal.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 776, dated 16th July 1908, from the Excise Commissioner in Mysore, submitting for approval a draft notification embodying certain amendments to the Methylated Spirits Rules issued under Government Notification No. 4727—S. R. 130-07-2, dated 21st March 1908.

I have the honour to state that the Kolar Gold Mining Companies have been in the habit of importing Caoutchoucined spirit through their agents, Messrs. Best and Company of Madras. Under Section 6 of the Mysore Excise Regulation, V of 1901, as amended by Regulation, V of 1904, no liquor or intoxicating drug can be imported into Mysore without the permission of the Deputy Commissioner under the sanction of Government. The Methylated Spirits Rules published under Government Notification No. Fl. 4727—S. R. 130-07-2, dated 21st March 1908, do not provide for the import of the spirit nor for possession without a license of more than one gallon. It is reported that the spirit is required by the Mining Companies for exclusive use in their laboratories and solely for industrial purposes. In these circumstances, it has become necessary (1) to permit the import of the spirit on payment of an *ad valorem* duty of 5 per cent on the price of the spirit and (2) to legalise by a license the possession of more than one gallon of the spirit.

2. When the Methylated Spirits Rules were submitted for the approval of Government, the import in large quantities of Methylated Spirit by the Mining Companies on the Kolar Gold Fields was not known; hence no provision applicable to such cases was made in the rules. I have now, therefore, appended for the approval of Government and publication in the Gazette a notification amending the one published on the 21st March 1908. Rule 3 (a) provides for the import of Methylated Spirit and for the levy of a duty thereon. Rule 4 (a) prescribes the form of the license for possession of more than one gallon. The additions made to the present Rule 4 were intended to be issued departmentally, but since an amendment has become necessary, this opportunity has been taken to slightly alter the rule itself.

3. In the case of Methylated Spirit, the cost of carriage, at the rate paid to the Government arrack carrying contractors, will have to be recovered from the licensees, as otherwise Government would incur loss. The *ad valorem* duty comes to 0-1-9 per gallon while the present rate per gallon of cost of carriage is 0-2-9 to moffusil depôts and 0-0-5 to the Bangalore Depôt. If the cost of carriage was not recovered, Government would be losing 0-1-0 on every gallon supplied from the moffusil depôt and would be getting only 0-1-4 on every gallon supplied from the Bangalore City Bonded Depôt. The instruction about the recovery of the cost of carriage was also intended to be issued departmentally and is now included in the rules themselves. This fact accounts for the changes proposed in the present Rules 4 and 5 and in condition 2 of the license for the sale of Methylated Spirit. In the conditions of the license M. S.-1 (a) for possession and use of Methylated Spirit by Chemists and others, provision is made for obtaining the supply both locally and by import. A chellan for the payment of money into a Taluk Treasury on account of Methylated Spirit has been prescribed. Forms M. S.-2 (a) and M. S.-3 (a) call for no remarks.

4. As the matter is urgent, I request you to obtain early orders of Government on the proposals herein submitted.

No. FL. 954-63—S. R. 20-08-2, DATED BANGALORE, 20TH AUGUST 1908.

ORDER THEREON.—The draft notification received with the above is approved and forwarded to the Compiler, *Mysore Gazette*, for publication.

NOTIFICATIONS.

No. Fl. 964—*S. R.* 20-08-3, *dated* 20*th August* 1908.

In exercise of the powers conferred by Section 2, Act XVI of 1863, as applied to Mysore by Regulation, II of 1885, and Sections 13 and 15 of the Mysore Excise Regulation, V of 1901, in that regard, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to make the following amendments to the Methylated Spirit Rules published under Government Notification No. Fl. 4727—S. R. 130-07-2, dated 21st March 1908, and these amendments will come into force at once :—

1. Insert the following as Rules 3(*a*) and 4(*a*) :—

"3(*a*) Methylated Spirit may be imported by holders of M. S.—1*a* licenses on payment to the Mysore State of a duty of 5 per cent *ad valorem* and on obtaining from the Deputy Commissioner of the District concerned a permit in Form M. S.—2*a* to be had on application in Form M. S.—3*a*."

"4(*a*) Chemists and others requiring caoutchoucined spirit for use in their business, but not for sale, will be given special licenses (M. S.—1*a*) on application, supported by evidence as to their requirements, through the Deputy Commissioner of the District in which they carry on their business, to the Excise Commissioner."

2. Insert the words "by Deputy Commissioners" after the word "issued" in line 1 of Rule 4. Also insert the following sentence after the first sentence in the same rule:—

"All such applications should be forwarded to the Excise Commissioner through the Deputy Commissioner of the District in which the applicant wishes to hold his license."

3. Insert after the words "the holders of (M. S.—1)" in Rule 5 the words "and M. S.—1*a*." After the word "price" in line 2 put a comma and *add* the words "cost of carriage."

4. Substitute the following for condition 2 of the license for the sale of Methylated Spirit :—

"2. Methylated Spirits may be obtained from the Bonded Depot, on payment of the reduced duty at 5 per cent *ad valorem*, and price and cost of carriage at such rate as may be fixed by the manufacturers and Government respectively, into a Taluk Treasury on the prescribed chellan and on production of a written permission from the Deputy Commissioner of the District in which the shop is located. All applications for such permission must be in the prescribed form. Books of form of application may be had on payment of their cost price."

Thus amended and re-numbered the rules will read as follows and should be cited accordingly in supersession of previous notifications on the subject :—

1. Methylated Spirit is spirit rendered effectually and permanently unfit for human consumption by the admixture of caoutchoucine or in special cases of wood-naptha.

2. It is liable to duty of 5 per cent *ad valorem*, the value to be fixed by the Excise Commissioner subject to revision by Government. The manufacturers should declare the sale price of the spirit for the purpose of calculating the duty.

3. It may be manufactured at the Government Central Distillery at Bangalore, provided :—

(1) that the caoutchoucine to be mixed with the spirit must be first tested and approved by the Chemical Examiner to Government,

(2) that it must be kept under lock and key by, and used under the supervision of, the Distillery Officer,

(3) that it must be used in the proportion of one part by volume of caoutchoucine to 99 parts by volume of the spirit, and

(4) that the spirit shall not be of less strength than 30 per cent over-proof.

Similar conditions apply to the use of wood-naptha in the special cases where its use is permitted by the Excise Commissioner in Mysore, with this difference, that one part by volume crude wood-naptha shall be mixed with nine parts of spirits and that the use of wood-naptha in a highly purified condition will not be permitted.

3(*a*) Methylated Spirit may be imported by holders of M. S.—1*a* licenses on payment to the Mysore State of a duty of 5 per cent *ad valorem* and on obtaining from the Deputy Commissioner of the District concerned a permit in Form M. S.—2*a* to be had on application in Form M. S.—3*a*.

4. Licenses (M. S.—1) for the sale of Methylated Spirits will be issued by the Deputy Commissioner free of fee to respectable applicants on their showing that they have a legitimate demand for such spirit. All such applications should be forwarded to the Excise Commissioner through the Deputy Commissioner of the District in which the applicant wishes to hold his license. But the issue of licenses to persons licensed to sell liquor for consumption on the premises is prohibited.

4(*a*) Chemists and others requiring caoutchoucined spirit for use in their business, but not for sale, will be given special licenses (M. S.—1*a*) on application, supported by evidence as to their requirements, to the Excise Commissioner through the Deputy Commissioner of the District in which they carry on their business.

5. The holders of (M. S.—1. and M. S.—1*a*) licenses may obtain their supplies of spirit from the Bonded Depot on payment of the price, cost of carriage and duty to the Taluk Treasury and on production of a written permission (M. S.—2) from the Deputy Commissioner of the District in which the shop is located. Books of forms of application for such permission (M. S.—3) will be supplied to them.

6. For the issue of Methylated Spirits from the Distillery to Bonded Depots the rules applicable to arrack and other country spirits shall apply *mutatis mutandis*.

7. No issue of more than 100 gallons of Methylated Spirit at a time to any license-holder is permitted.

8. Unlicensed persons are prohibited from selling Methylated Spirit and from possessing more than one gallon at a time. This limit is fixed under Section 13 of the Excise Regulation, V of 1901. Breach of this rule will subject the offender to the penalties prescribed in the Regulation.

9. Materials intended for use in the methylation of spirits must be delivered by the manufacturers into the charge of the Distillery Officer who will take a sample from each separate cask or parcel thereof and forward the same to the Excise Commissioner in Mysore for transmission to the Chemical Examiner, and will secure the bulk under a lock in a separate secure room or godown to be provided by the distiller. No portion of such bulk shall be used for the purpose of methylation or be transferred to the Warehouse until the receipt of the Chemical Examiner's report. On the receipt thereof, if it be to the effect that the materials are not suitable for use in methylation, the officer shall deliver the same to the manufacturers who shall be bound forthwith to remove the same from the premises and not bring them back again. If, however, the Chemical Examiner's report is to the effect that the materials are suitable for use in methylation, the officer will cause them to be removed into and to be secured in the Distillery Warehouse, and at the same time enter them in the register (M. S.—4).

10. A register in the form (M. S.—4) shall be maintained at the Government Central Distillery at Bangalore.

Letter No. 11615, dated the 18th April 1908, from the Revenue Commissioner reporting that one Shama Rao, though apparently unfit for entertainment in service, owing to his being blind of one eye and to the diseased condition of the other, was yet able to obtain employment as Deputy Gumasta of the Tumkur Taluk in May 1900 and that his unfitness escaped detection as he was examined only in connection with his proposal for insuring his life and not independently for admission into service also and representing the need for modifying Government Order No. 8326-65—Fl. 823, dated 15th April 1901, which dispensed with the production of a separate certificate for entry into service in the case of candidates who are passed as fit for insurance.

No. FL. 572-612—S. & A. 594-07-4, DATED BANGALORE, 4TH AUGUST 1908.

ORDER THEREON.—The object of the examination of a candidate for insurance is to see if his life is sound and free from the risk of premature death, while that for entertainment in service is to see if the man's age and health are such as to qualify him for the efficient discharge of the duties of the office to which he is to be appointed without undue liability on the part of the state for sick-leave allowances, gratuity or pension. A certificate of eligibility for insurance cannot therefore serve in all cases, the purpose of the certificate of age and health under Articles 31 and 32, Mysore Service Regulation, and as in the instance brought to notice by the Revenue Commissioner, a person whose life may be acceptable for the purpose of insurance may be unfit for employment in service. The submission of an independent certificate under the said articles is therefore necessary and the direction to dispense with it, issued in Government Order No. 8326-65—Fl. 823, dated 15th April 1901, is therefore withdrawn.

Subject No. 31 of the Representative Assembly Proceedings of 1907, stating that the present fee for a game license is too high and that it may be reduced to two rupees :—

Summary of discussion.—It is requested that the game license fee may be reduced to Rs. 2. The fee now fixed for a game license is Rs. 5. For protecting his crop from being destroyed by wild animals, a raiyat in the malnad has to enter the forest adjacent to his land, shoot at the wild animals and scare them away. But this he cannot do without a game license. No doubt he does not want a license to shoot them when they actually come on his land. If, however, he should wait till then, he must lose a portion of his crop before he can scare them away. The present fee for a game license is too high and it may be reduced to two rupees. The reduction of the fee will enable more licenses to be taken out and minimize clandestine shooting without license and other offences against the Game Law.

Reply of Government.—The fee will be reduced to two rupees.

No. J. 499-509—LEGIS. 18-07-3, DATED BANGALORE, 13TH AUGUST 1908.

ORDER THEREON.—Government consider that what is wanted, is that for the *bona fide* protection of their crops, agriculturists should be able to get, on payment of rupees two only, a game license which will enable them to pursue game into lands or forests at some distance from their lands and that this concession need be extended only to agriculturists in the malnad taluks for the present. The Game Rules will be amended accordingly, as follows :—

"*Rule 10 B.*—Notwithstanding anything contained in Rules 9 and 10, the District Magistrate may grant to an owner or occupier of land in any of the tracts specified in the margin, a license to pursue, shoot at and kill game on payment of a reduced fee of Rs. 2, which shall have operation over such portion of the district and State Forests and lands specially protected under Section 35 of the Mysore Forest Regulation, in the vicinity of the town or village where the licensee resides, as may be specified by the District Magistrate in the license.

The whole of the Shimoga and Kadur Districts; the Hassan Taluk (including Alur Sub-Taluk), and the Manjarabad and Belur Taluks of the Hassan District; and the Heggaddevankote, Hunsur, Chamrajnagar and Gundlupet Taluks of the Mysore District.

" If the town or village where the licensee resides adjoins another district, the operation of such license may be extended, without payment of any additional fee, to any specified portion of such adjoining district, State Forest and land specially protected as aforesaid, situated therein, on countersignature by the District Magistrate of such district.

" It shall be competent to the District Magistrate granting a license under this rule, to withdraw or cancel the same at any time, for sufficient cause."

3. The course of instruction has been limited to a period of 8 months in the year; which is not long enough to allow of students going properly through the course. I would very strongly urge on Government the necessity of prolonging the term of instruction to at least the full year, which is the period prescribed in all Police Training Schools in British India.

4. The present proposal does not involve any change either in the strength, or cost of the staff of instructors, though for reasons already given in my letter No. 1241—138, dated 21st August 1907, I would re-iterate my proposal to convert the temporary teacher in Surveying, Drawing and Photography into a permanent Inspector on Rs. 40 per mensem. This will give us full-time Inspectors for 3 important branches of instruction.

On Rs 50 per month for 8 months with a bonus of Rs 100.

5. I must however approach Government for enhanced funds towards meeting the charges which may be incurred for the entertainment of substitutes in place of men undergoing instruction. The present practice is to entertain a 2nd grade Jamadar on Rs. 20 in the place of an Inspector, or Jamadar and to grant an allowance of Rs. 2 to a 1st class constable put in charge of the duties of a Dafadar, no substitutes being entertained in the place of constables. A sum of Rs. 1,920 is provided on this account in the annual budget. This should be increased by Rs. 960 for the extra 4 months.

6. Again as we have no lines in which to accommodate the students, a house rent of Rs. 2 per month is paid to men coming to Bangalore from the mofussil, and this is provided for in the Police Budget under head "House rents XXII. C. Police. 3. District Police." This grant will also have to be increased by Rs. 400, taking the average number of students to be 50. Thus the net financial result of my proposal will be an increase of Rs. 113-5-4 per mensem or Rs. 1,360 per annum. The probability of using the whole of this additional amount, in any one year, is improbable; for out of the whole force there are only 27 Inspectors and 38 Jamadars who have not passed any examinations; and only 2 of the former and 8 of the latter are eligible for training, the others being too old or otherwise incapable of gaining anything by a course of instruction. The remaining number of Jamadars have passed the Inspectors' or Station House Officers' tests in English or Kanarese; but among these, only 12 have qualified themselves for the Inspectors' class by passing the Station House Officers' test in English. It may therefore be reckoned that the chances of a large amount being spent towards the pay of substitutes, will not continue for more than 2 or 3 years to come, as care will be taken that all the vacancies in the grade of Jamadars will in future be filled by passed candidates.

Police, dated 21st August 1908.

7. The only other subject of importance is the providing of accommodation for the men coming from the mofussil for instruction. As Government have realized the urgent necessity for this by calling for a separate report, I need not dilate further upon the uses of a hostel for the Training School at Bangalore. The hostel should include in addition to accommodation for pupils, residences for the teaching staff together with a mess-house. I enclose an extract from the Appendix to the Indian Police Commission Report, on "Buildings for Police Training Schools," to show what elaborate arrangements are recommended in British India."

No. J. 568-70—Police 165-07-2, dated Bangalore, 21st August 1908.

Order thereon.—Government are pleased to accord their sanction to the proposal of the Inspector-General of Police to extend the term of instruction in the Police Training School to one year. They also sanction the proposal to make permanent the appointment of the present temporary instructor in Survey, Drawing and Photography on Rs. 40. The proposals involve an additional cost of Rs. 1,360 per annum and the necessary provision has been made in the budget for the year 1908-09.

2. The Inspector-General of Police is requested to submit for the approval of Government, plans and estimates for the construction of a hostel for the students and proper quarters for the teaching staff, in consultation with the Chief Engineer of Mysore.

READ—

Letter No. 507—56, dated the 25th July 1908, from the Inspector-General of Police in Mysore, submitting a report on a departmental enquiry held by the Deputy Commissioner, Bangalore District, into the conduct of the Bangalore City Police in connection with the series of murders committed in the City of Bangalore and the Civil and Military Station.

No. R. 113, dated Bangalore, 13—14th July 1908, from B. J. Kumarasami Naik, Esq., B.A., Deputy Commissioner, Bangalore District, to D. Devaraj Urs, Esq., Inspector-General of Police in Mysore, Bangalore.

You may perhaps have been aware from the General Diaries and Special Reports submitted to you from time to time by the Superintendent of Police, regarding the series of dastardly murders unprecedented in the History of Crime in this Province, committed in the City and the Civil and Military Station limits, Bangalore, by a gang of young men named Babu, Sunder Raju, Nallathambi and Sreenivasalu, the first three of whom were tried and sentenced to death, and the last to transportation for life.

The accompaying statement gives the particulars of the several murders committed by the members of the gang above referred to. It will be seen, therefrom, that two murders were committed in the City limits and the rest within those of the Civil and Military Station, that, of the former, the victim in one case (Lakki) was a resident of Jogipaliem, Civil and Military Station, whose death was first reported to the City Police, the victim in the other (Appaiya) being a resident of the City whose disappearance as also that of the three persons *viz.*, Visvamurti and Krishna and Cheluvaraju Mudaliar, also residents of the City) murdered within the limits of the Civil and Military Station, was reported to the City Police for taking necessary action to trace their whereabouts. It is a satisfactory feature to note that no accusation was ever made by the accused persons against any of the officers of the City Police of either corruption or complicity in the crimes committed by them, though there was no love lost between one of the accused, *viz.*, Babu, and the City Police, since the latter had got the former convicted of theft in January 1907 and sentenced to three months' rigorous imprisonment. Though there has been no specific charge against the City Police, yet on perusing the judgments in the several cases, it occurred to me that it was desirable in the interest of the public and the Police as well, to scrutinize the conduct of the Police officers concerned regarding the part played by them in the investigation of the said cases especially in their earlier stages. I accordingly held a departmental enquiry with a view to see whether all that could have reasonably been expected of the Police had been done in connection with the case of the reported murder, and the disappearance of the four persons mentioned above. In the meanwhile, your letter No. 7367—695 dated the 27th May 1908, requesting me to hold a departmental enquiry and submit a report in the matter was also received. The enquiry was actually commenced on 5th June 1908 and concluded on 24th June 1908, the examination itself occupying six days. As a result of the enquiry, I am glad to be able to say, that so far as these cases are concerned, the Police officers have deserved well of the trust reposed in them by Government. I shall now discuss the action taken by the Police in each case in the order in which it was reported to them.

The murder of Lakki was the first case committed in the City by the gang of murderers under reference and reported to the Police so far back as 24th April 1906. As has been shown in the recent enquiry and trial, the said Lakki was a resident of Jogipaliem in the Civil and Military Station. She was, during the absence of her son and brother-in-law, decoyed by some one of the gang into the Sreerama Medical Hall in Chamarajpet in the City, murdered there for the sake of jewels worn by her and thrown into the Mill tank. Mr. Nagavkar (now Chief Jailor) and Siddaramappa were the City Chief Inspector and Fort Division Inspector respectively at the time. The statement, recorded by me, of Siddaramappa who handled the case from the beginning to the end under the direction of Mr. Nagavkar (extract from which is reproduced here below) gives the several steps taken by the Police to trace the author of the foul deed:—

"Mr. Bull of the Woollen and Cotton Mills wrote a letter to the Police as to the discovery of a dead body of a female in the tank adjacent to the mills which was forwarded to me by Mr. Nagavkar, Chief Inspector, for needful action on the 24th April 1906. I went to the spot forthwith and had a first information report sent to the City Magistrate. I was also present during the inquest held by the City Magistrate on 24th April 1906. The body was almost naked and the throat was cut. It was put into a gunny bag after being doubled up. There were a razor and dealwood shavings in the bag. There was also a cone-shaped paper containing lint and cotton pellets. The panchayet declared that it was a case of murder. The Medical Officer, Dr. Appiah, who was sent for by the City Magistrate and who examined the dead body also, pronounced that it was a case of murder. I sent for the Mill

coolies to see the dead body if they could identify the person, as none came forward to identify the dead body and declare who the person was that was murdered. None of the coolies indentified the body. I got the photo of the deceased taken at the Victorial Hospital. Copies of the same were freely circulated to Mysore, Civil and Military Station, Bangalore, Kolar Gold Fields, and Madras, by the Chief Inspector Mr. Nagavkar. The razor and the lint were sent to the Chemical Examiner to find out whether there were any blood stains on them. The Chemical Examiner reported that no blood stains were found on the razor and the lint could not be tested by chemical analysis. My enquiries were first centered in the Woollen Mills as there were a lot of dealwood shavings there, upon the suspicion that some one connected with the Mills might have been concerned. One Merri who was supposed to have known the deceased was enquired with no satisfactory result. The investigation of the case was being conducted by the Chief Inspector. I was collecting all possible information to find out a clue in the case. My attempts did not prove successful. When I had an occasion to go to Madras to arrest an accused person in connection with a forgery case on the 11th May 1906, I took a copy of the deceased's photo with me to show it to different persons there whether any body could identify her. I showed it to several Police offices including Police Inspector, Mr Annamalay Pillai. I got no clue as to who the deceased person was. Nobody either identified the body or claimed the person. The case was kept on the undetected file."

The above statement, is not only corroborated by that of Mr. Nagavkar but also borne out by the Judicial Proceedings in the case, *vide* judgment in Chief Court Sessions Case No. 39 of 1907-08.

From the above statement, it will be seen that the Police have taken all possible steps that could be taken in a case of this kind and further, it is noteworthy that an extra precaution was taken by the Police, in this case, in securing the photo of the dead body of the deceased with a view to copies of the same being widely circulated and thereby facilitate the finding of a clue as to the identify of the deceased and her murderers. One would however be tempted to raise the question as to how it was that the culprits were able to take the corpse unnoticed by the Police all the way from Sreerama Medical Hall to the Mill tank. The answer to this is contained in the statement made by Sunder Raju before the Chief Jailor wherein he states that the corpse which was put into a gunny bag was carried in a soda water cart and taken to the Mill tank in the early hours on a certain morning through the Mysore road when there was not much of traffic, one of them dragging the cart and the other two accompanying it.—Sreenivasalu holding a cycle in his hand, with a view to be passed off as some travellers going to the railway station. Anybody would have, under the circumstances, taken the word of the accused as true and passed them off as ordinary passengers going to the Railway Station.

The next case is the disappearance of Appiah from his house in Ranasingpet, Bangalore City, on the 1st July 1906, reported to the Police on the 2nd idem The circumstances connected with the disappearance and the action taken by the Police have been at sufficient length stated in the judgment in Chief Court Sessions Case No. 38 of 1907-08, extract from which is reproduced here :—

"The case for the prosecution is that Appiah, a youth of about 19 years of age, having lost both his parents when he was young, was brought up by and was living with his cousin Muniappa (Prosecution witness No. 4). He was hale and healthy until 7 A. M. on the 1st July 1906 when he left his house. He did not return home and Muniappa becoming suspicious, began to make a search for the missing boy. He had heard that the boy was associating himself with the prisoners and believing that they would be able to give some information concerning him, he went to the mandi in Chamarajpet belonging to one Singararelu Mudaliar which they were then occupying as tenants and made enquires there, but he got no information. After making an unsuccessful search in other places, he made a report to the Police (Exhibit A). The Police also were unsuccessful in tracing the whereabouts of the missing boy and having learnt that two women belonging to the class of prostitutes, who had been staying with the prisoners in the said mandi for a few days had left the mandi at about the same time that Appiah disappeared, they thought it probable that Appiah had left Bangalore with these women for some other place. Nevertheless they got the prisoners arrested through the Police of the Civil and Military Station (the prisoners being residents of Ulsoor), and brought them to the City. While the accused were in their custody, one Venkatarangam, a friend of the deceased Appiah, received a telegram (Exhibit B) from Madras purporting to be from Appiah. The telegram ran as follows :—"Fever better, starting Rangoon, inform home." The receipt of this telegram made Muniappa and the Police believe that Appiah was alive and the accused were thereupon released. A few days afterwards Muniappa still having his own doubts as to the genuineness of the telegram received by Venkatarangam, presented a second petition to the Police asking them to renew their enquiries concerning the missing boy, as at the time he disappeared he had some valuable jewels on his person. But the Police took no further action and the matter was dropped."

Judicial and Legislative (Police), dated 26th August 1908.

A perusal of the above extract and especially the last sentence thereof leaves an impression in the mind of the reader that the Police did not take any further steps to trace the whereabouts of the disappeared man who, as subsequent enquiry shows, was murdered in the mandi in the new Taragupet referred to above on the very day he was missed, in spite of a written request made by Muniappa to renew their enquiries concerning the missing boy and this opinion seems also to be held in certain quarters. It is therefore necessary to examine carefully the conduct of the Police and the action taken by them in this case. As in the previous case, the Police officers who handled the above case are also Mr. Nagavkar and Siddaramappa. It will be seen from the Judicial Proceedings in the case and the statements recorded by me in the departmental enquiry, that as soon as the Police ascertained that the missing boy was associating with Babu and Sunder Raju, a requisition was sent to the Civil and Military Station Police authorities to send them to the City and while they were being questioned on the 12th July 1906, regarding the whereabouts of Appiah, the telegram referred to above was brought and shown to the Police by reason of which, the Police who were thrown off their scent, stopped further action in the matter, as with them the relatives of Appiah also believed that the latter was alive and would return in course of time. Subsequently on the 14th idem, Muniappa having orally expressed his doubts regarding the genuineness of the telegram, Police Inspector Siddaramappa got an application written out in the name of the former to the Superintendent of Telegraphs, Calcutta, to send the original telegram for inspection. The next day, *i. e.*, 15th July 1906, the said Muniappa put in a written petition to the City Chief Inspector stating that he doubted the genuineness of the telegram since no letter confirming the telegram was received from Appiah, that he had reason to think that Babu and Sunder Raju must have sent him away to Madras and further that as there were jewels on his person he suspected danger to his life. In view of the requisition already made for the original telegram, this petition was simply entered in the Kengeri Gate Police Station House Diary on the 17th idem, (see Exhibit F produced before me), as directed by the Chief Inspector. The Superintendent of Telegraphs having replied to Muniappa on the 20th idem that either the addressee or the sender of the message should apply for it (*vide* Exhibit E produced before me), the Police Inspector Siddaramappa again got the addressee Venkatarangaiya on or about the 25th or 26th July 1906 to apply for the original message. As has been admitted by Venkatarangaiya and Chenthimmiah, the original message was received and shown to them later on in the Chikpet Post Office and that it contained in English the signature of Appiah which looked like his, since to their knowledge, the latter used to sign his name in English, a fact, borne out by his initials in English in a kama subscription book (*vide* Exhibit M produced before me by Chenthimmiah). Though Muniappa, even after the receipt of the original message, was not prepared to place any reliance on it, he has admitted before me that he kept quiet, as he never for a moment apprehended that Appiah had been murdered and always thought that he must have gone somewhere and would come back. Further, as admitted by Muniappa himself, Inspector Mr. Nagavkar sent a telegram to the Police authorities at Madras enquiring whether there was any reference to show that Appiah had left Madras for Rangoon and that a reply was received to the effect that no list of departures to and arrivals from Rangoon was kept with them. Though it is to be regretted that through oversight, the above facts were omitted to be elicited in the Sessions Court, it is now clear that the Police did their level best to trace the whereabouts of the missing boy and it will be seen that there was hardly any clue to suspect either Babu or Sunder Raju, and watch their whereabouts since there was apparently no reason to suspect foul play on their part as they were then for all appearances passed off for decent folk.

In this case, however, the only unsatisfactory feature, if it could be so considered at all, is *that the disappearance of the boy and the circumstances attending it were not brought to* the notice of the Superintendent of Police by the Inspector through his General Diary and that the Head Station Diary containing the report of the disappearance of Appiah, extract submitted to the office of the Superintendent of Police, was, it is stated by the Superintendent, filed by the Head-quarter Inspector without being brought to his special notice, probably for the reason, as explained by the Superintendent, that the circumstances of the case did not disclose any crime in which his special instructions were deemed necessary.

The disappearance of Visvamurti and Krishna is the next case reported to the Police on 22nd June 1907. The following sketch of the case is extracted from the judgment in Sessions case No. 3 of 1908, of the Sessions Judge, Civil and Military Station, Bangalore." Visvamurti was the son of Narasimha Chetty living in Doddapetta, Bangalore City. His age was 23. He is said to have been married. He was a friend of one Krishna *alias* Krishna Naidu whose age is given as eighteen or twenty. Both youths disappeared mysteriously on the 11th June 1907. Four or five days afterwards the father of the first named received a telegram purporting to come from his son telling him that he had gone to Madras with some friends and would return shortly. The telegram was sent from Sowcarpet, Madras, to the

address of Golapalli Narasimha As he failed to return, a report was made to the Police but no success attended the efforts that were made to trace him. At the time of the boy's disappearance, he is said to have been wearing jewellery to the value of some Rs. 1,500. The next and the last case of disappearance is that of Cheluvaraja Mudaliar. As narrated in the judgment in Sessions case No 4 of 1908, on the file of Sessions Judge, Civil and Military Station, Bangalore, the said Cheluvaraja Mudaliar was the son of one Munisawmy Mudaliar, an acting Goods Inspector on the Southern Mahratta Railway, living at Cottonpetta, Bangalore City. The boy's age was seventeen or eighteen and he was attending school. He was seen by his parents for the last time on 9th October 1907. His disappearance was reported both to the Kengeri Gate and Kalaspalyam Police Stations on the 10th October 1907, and the report was entered in the Police Crime Diary on the same day. Munisawmy Mudaliar sent a telegram to his brother at Mysore and a reply is stated to have been received intimating that the boy had not gone there. On the 14th October a telegram was received addressed from Robertsonpet to the boy's father saying that he had gone off to Madras.

Mahomed Jaffer Mekri (now Bangalore Taluk Police Inspector) was the Chief Inspector of the Bangalore City at the time of the reported disappearance of the boys in the last mentioned cases and the steps taken by him for discovering the whereabouts of the missing boys are, to quote the words from the Inspector's statement recorded by me, as follows :—

" Visvamurti's disappearance was reported on the 22nd June 1907, which was noted in the diary of the Central Station (*vide* Exhibit G) Immediately on the receipt of the said information, descriptive rolls were circulated and all the beat constables in the City were warned to watch and find out the whereabouts of the missing person. The Division Inspector Hanumantha Rao was also directed to be on the look out and investigate the matter. The enquiry was continued till the 26th September 1907, when on information being received from Visvamurti's father Narasimha Chetty, that the boy was last seen in Bombay with Krishna, descriptive rolls were prepared and the same with copies of photos of Visvamurti were freely circulated to all the neighbouring districts and important centres in India. And a notice of hue and cry offering a reward of Rs 100 to any one furnishing information leading to the discovery of the boy was also published in the Mysore Police Gazette for October 1907, page 93, Part II."

As regards the disappearance of Cheluvaraj reported to the Police, it will be seen from the statements of the Inspector and the Superintendent of Police, that descriptive rolls of the missing boy were got prepared and circulated in the City and also Cantonment It would appear to have also been ascertained from the relatives of the missing boy that he had once before left the house in the same fashion and returned after some days' absence As stated by the Superintendent of Police, in all cases of disappearance, it is the established practice to circulate the descriptive rolls and to make such enquiry as might lead to the whereabouts of the missing persons. In the majority of instances the disappearing persons return after a temporary absence and no further notice is taken of the matter as some domestic reason or other will be found to underlie such disappearances. And it is stated that no departure was made from the usual procedure in the above two cases (Visvamurti and Cheluvaraj) as no special grounds were made out to distinguish them from other cases.

Thus no clue was discovered regarding the authors of the murder of Lakki and the whereabouts of Appiah, Visvamurti and Krishna and Cheluvaraja Mudaliar above referred to, and the cases remained undetected on the Police file till January 1908, when the first suspicious circumstance in regard to these disappearances was brought to light on the occurrence of an attempted murder in the Civil and Military Station on the 7th idem. In this case one Muniswami, a boy of about twenty-two years of age, residing in Ranasingpet, Bangalore City, was enticed away by his neighbour Munivenkata to go to Ulsoor on the pretext of getting him a cycle and with the aid of his friends Nallathambi and Sunder Raju made an attempt on his life for the sake of jewels worn on his person by first making him drink liquor and then administering chloroform and when he became unconscious, they began to cut his throat. But as fortune would have it, the boy had not become quite unconscious, the chloroform not having had its full effect and he seized the blade of the knife which was used for murdering him and in the struggle he received some cuts. Just at this moment, there was some noise outside in the street and the culprits being alarmed, let go their intended victim and decamped. They were however arrested; Nallathambi on the 7th January 1908 by the Civil and Military Station Police within their limits, Munivenkata and Sunder Raju on the 8th and 12th idem respectively, by the City Police on the requisition of the Cantonment Police. When Inspector Siddaramappa learnt the circumstances of the above case from the relatives of Muniswami and also that Nallathambi had disclosed to the Police that they (accused) had used chloroform to their victim and had intended to bury the dead boy in a pit in that very house, if their attempt had succeeded, he (Siddaramappa) was shrewd enough to suspect that a similar right might have overtaken the other persons who had disappeared from the City, particularly Appiah, as he was also a person

Judicial and Legislative (Police), dated 26th August 1908.

that had disappeared from Ranasingpet and in which connection Sunder Raju's name had been mentioned to him at the time. The Inspector at once communicated the facts of the case of attempted murder and his own suspicions regarding the other cases to the Superintendent of Police in his letter of the 13th January 1907, (*vide* Exhibit A produced before me). In pursuance of the instructions given by the Superintendent of Police, Inspector Siddaramappa continued his enquiry and collected information which went to strengthen his suspicion against Babu and Sunder Raju as the authors of the murder of Appiah and he further ascertained that Mr. Nagavkar, Chief Inspector of the Central Jail, was in possession of some information regarding the missing youths of the City given to him by one of the accused who had been remanded to the Jail, and he accordingly informed the same to the Superintendent of Police in his letter dated the 18th January 1908, (*vide* Exhibit B produced before me). In his further enquiry, as will be seen from Siddaramappa's letter dated the 22nd January 1908 to the Superintendent of Police, he ascertained from Sunder Raju's concubine, Kempi that Visvamurti, whose photo was shown to her, was once brought by Babu, Nallathambi and Sunder Raju to her house at Ulsoor some seven months ago, that some days after, there was a dispute among them regarding the division of some property and that she did not see the boy again. Siddaramappa accordingly made arrangements to watch the movements of Kempi, and Babu who was not implicated in the attempted murder case, having been ill at the time and was consequently not arrested. The Inspector, having learnt that Seenu *alias* Sreenivasalu, son of Dr. Lakshmanaswami, Retired Civil Surgeon, was associating with Babu, Sunder Raju and Nallathambi, cultivated friendship with him and ascertained from him that Sunder Raju had got two pieces of gold links melted by one Mariachari a goldsmith in Chamrajpet. The latter, on being questioned, not only admitted the fact, but also informed him that Seenu told him the previous day that himself, Sunder Raju, Babu and Kempi had gone to Madras about eight months ago, that there Sunder Raju and Babu got pieces of gold "Golsu" melted and prepared a pair of Kapus which they sold for Rs. 300 and odd. Both Seenu and Kempi having corroborated the above, Inspector Siddaramappa interviewed the Chief Jailor, Mr. Nagavkar and explained to him the whole situation and as advised by him, Siddaramappa confronted Mariachari with Sunder Raju in the Jail about the melting of gold and the latter while admitting the fact stated, he got the gold from his sister about ten months ago which fact was ascertained to be false, as she died some years back.

The Chief Jailor Mr. Nagavkar who was the Chief Inspector of the Bangalore City at the time of the reported murder of Lakki and the disappearance of Appiah and others, also took interest in the matter and helped Siddaramappa in collecting information. In their enquiry on the 28th January 1908, Sunder Raju disclosed that on a certain night more than a year and a half ago, Babu had enticed away Lakki from Ulsoor to the Medical shop kept by Seenu in Chamarajpet, that she was rendered unconscious by liquor and chloroform being administered to her, and in that state her throat was cut by himself, Seenu and Babu with a razor that was in the shop and how after they removed the jewels on her body, put the corpse in a bag, stuffed with dealwood shavings, carried it in a Soda water cart that belonged to Seenu and threw it into the Mill tank. Siddaramappa accordingly set forth the above information in a special consolidated report submitted by him to the Superintendent of Police on the 29th January 1908, (*vide* Exhibit D produced before me). On this Babu and Seenu were both arrested in the early morning of the 1st February 1908. The statement of Sunder Raju disclosing facts regarding the murder of Lakki was also recorded by the Chief Jailor on the 1st February 1908. Md. Jaffer Mekri, City Chief Inspector and Fort Division Inspector Siddaramappa then worked up the case, seized the cart etc., and placed the accused with a charge sheet before the City Magistrate, who committed them to the Chief Court Sessions, where on the 16th May 1908, accused Sreenivasalu was convicted of the offences of murder and robbery and sentenced to transportation for life for the former offence and 10 years' rigorous imprisonment for the latter, the charge against the other two accused Babu and Sunder Raju who pleaded guilty to the charge having been allowed to be withdrawn under Section 494, Criminal Procedure Code, and made witnesses for the prosecution.

Both the accused Sunder Raju and Nallathambi having volunteered to make statements before the Chief Jailor disclosing facts connected with the murder of Appiah, Visvamurti and Krishna and Cheluvaraya Mudaliar, the same was recorded by him on different dates between the 30th January and 10th February 1908 and forwarded the statements to the Superintendent of Police, Mr. L. Krishna Rao. The latter lost no time in placing himself in communication with Mr. Hannyngton, Superintendent of Police, Civil and Military Station, to whom copies of statements of the accused persons recorded by the Jailor were forwarded, and taking steps to act on the information before him. On the information furnished by Sunder Raju and Nallathambi before the Chief Jailor that Appiah had been murdered by poison and chloroform and then buried in the backyard of the mandi in Chamarajpet, the four accused persons Babu, Sunder Raju, Sreenivasalu and Nallathambi were taken on the 4th February 1908 to the mandi where in presence of the City Magistrate, the Superintendent of Police and the panchayetdars, Sunder Raju and Nallathambi pointed out the place where Appiah's body

ad been buried after the murder. The dead body was exhumed and inquest proceedings were held. The confessional statements of accused persons were got recorded before the Magistrates and after collecting independent corroborative evidence, the Police placed the accused Babu and Sunder Raju before the City Magistrate who committed them to the Chief Court Sessions where they were tried and sentenced to death on the 14th May 1908, (*vide* Judgment in Sessions Case No. 38 of 1907-08).

Two days after the body of Appiah was unearthed by the City Police, the Civil and Military Station Police authorities on the 6th February 1908 took the accused persons to the several places where they stated they had murdered and buried Visvamurti and Krishna, Cheluvaraya Mudaliar and others and the skeletons of the murdered persons were exhumed in the several places pointed out by the culprits. In both the cases of the murder of Visvamurti and Krishna and of Cheluvaraya Mudaliar, all the accused persons were after due enquiry and trial convicted of the offences of murder and robbery under Sections 302 and 292, Indian Penal Code, and sentenced to death, (*vide* Judgments in Sessions Cases Nos. 3 and 4 of 1908 on the file of the Sessions Judge, Civil and Military Station, Bangalore).

It will be seen from the Judgments in the several cases that the method adopted by these accused persons in committing the several murders was to entice away on some pretext or other young persons wearing jewels to a house rented or arranged for the purpose, to give them eatables and drinks mixed with poison and then administer chloroform to their victims and when the latter lost all consciousness, to cut their throat, strip off their jewels and then bury them in pits prepared in the very houses in which they were entertained, though in the case of Lakki, her body was thrown into the tank as Sreenivasalu is stated to have objected to the corpse being buried in the shop The above novel method adopted by the members of this gang who formed themselves into a fraternity and observed strict secrecy naturally escaped the attention of the Police for a long time as there was absolutely no clue for them to proceed. But when once a clue was found after the Ulsoor attempted murder case was reported, they were the first to unearth the whole mystery regarding the disappearance of the several youths from the City. Mr. Nagavkar whose previous service in the Police Department and knowledge of the disappearance of the youths stood him in good stead, was not slow to elicit correct information from the accused persons while in Jail and record them then and there. The allegation of some of the accused that they disclosed information regarding the murders under a promise held out by Mr. Nagavkar that they would be taken as approvers has been rightly rejected by the Judge. The fact being, as admitted by Mr. Nagavkar, that when the accused prayed for being made approvers, he told them that they may make the request before the Magistrate.

To sum up my opinion in the matter, I beg to state that the City Police have done their duty conscientiously and to the best of their intelligence and ability and no charge of incompetency or blameworthy conduct can reasonably be imputed to them in the matter of either the prevention or the detection of the crimes under reference.

In this connection, I think it must be acknowledged that with the advancement of the times, the work thrown upon the existing staff of the Police in the City is ever increasing and thereby rendering them unable to cope with the ever changing methods by criminal gangs, and that time has matured for the early organization of an entirely independent Intelligence Department, with full complement of officers and men for special detective work.

The statements of the several Police officers and others recorded by me and also other papers connected with the enquiry as detailed in the pherist, are *herewith sent for kind reference and return when no longer required.

* Sent in separate parcel.

No. J. 627-29—Police 24-08-2, dated Bangalore, 26th August 1908.

Order thereon.—In connection with the murders which were brought to light in Bangalore in January last, it was deemed necessary in the interests of the public as well as of the Police Department to hold a departmental enquiry into the conduct of the City Police Officers concerned in the investigation of these cases and to scrutinise and place on record the steps towards detection taken by them in the course of their investigation. The Deputy Commissioner, Bangalore District, held an enquiry and has submitted an elaborate report. He is of opinion that the City Police have done their duty conscientiously and to the best of their intelligence and ability and that no charge of incompetency or blameworthy conduct can reasonably be brought against them. The Inspector-General of Police, in forwarding the report agrees that the City Police did their best in the early stages when the cases occurred and that latterly they were chiefly instrumental in bringing the cases to a successful conclusion.

Judicial and Legislative (Police), dated 26th August 1908.

2. Government, after perusing the records, agree with the Inspector-General of Police that the Bangalore City Police had taken all reasonable steps in tracing out the crimes reported to them. Two of the murders were committed within the limits of the City by the notorious gang all of whom have been brought to justice. The papers show that, in both the cases, the original investigation by the City Police, although it did not result in detection, left nothing to be desired. The first case which was reported to the City Police was the murder of one Lakki. She was a resident of the Civil and Military Station and although the City Police adopted all possible measures to get the corpse identified and sent copies of her photograph far and wide, no identification was obtained and they were handicapped in their further investigation by getting no clue as to the identity of the murdered woman. It is noteworthy that in the latter case *i.e.*, the murder of Appiah, the City Police had the real culprits arrested but they let them go, having been put off the scent by a forged telegram purporting to come from the murdered man. Even in regard to this, the Police were not satisfied until they sent for the original telegram and assured themselves that it was correct. It will thus be seen that the Police investigated the cases with skill and thoroughness but that they were baffled for the time being on account of the circumstances above mentioned. When suspicion was first thrown on the gang by the case of attempted murder in the Cantonment, the City Police at once connected them with the two murders committed in the City and worked up the available clues successfully with the result that all the murderers were eventually brought to justice.

3. It may also be mentioned that no accusation of corruption or connivance in the crimes was made by the murderers against the City Police. This is important because it was at their instance that Bapu, one of the gang, had, at an early stage of the criminal career of the gang, been convicted of theft and sentenced to three months' rigorous imprisonment. Under the circumstances, the murderers would not have hesitated to bring such charges against the Police, had there been the slightest ground for them.

4. Government are pleased to note the testimony the Inpector-General of Police bears to the judicious guidance the investigation received from Mr. L. Krishna Rao, the Superintendent of Police, Bangalore District, and to the detective skill and ability Mr. Nagvakar, Chief Jailor, Bangalore Central Jail, and Inspector Siddaramappa displayed in the detection of these cases. With regard to his recommendation in regard to rewarding the services of the two latter officers, the Inspector-General of Police is requested to give such promotion to Inspector Siddaramappa as he thinks is merited. Orders will be separately issued regarding Mr. Nagavkar.

Letter No. 3647—541, dated the 24th December 1906, from the Comptroller, forwarding the proposition statement received with the Senior Surgeon's letter No. 287, dated 11th October 1906, for the revision of the menial establishment of the General Hospital at Mysore, resulting in an increase of Rs. 251 per mensem and pointing out that the proposal is not in accordance with the principle laid down in para 11 of the Government Order of the 23rd October 1906.

2. Letter No. 1660—335, dated the 25th September 1907, from the same officer, forwarding duly verified, a revised proposal received with letter No. G. 191, dated the 7th September 1907, from the Senior Surgeon for the revision of the establishment referred to above involving an additional expenditure of Rs. 82 per mensem.

No. 1505-6—MED. 206-06-4, DATED BANGALORE, 10TH AUGUST 1908.

ORDER THEREON.—The revised proposals submitted by the Senior Surgeon include (1) an increase of pay to the present establishment of the General Hospital at Mysore at a monthly cost of Rs. 35 and (2) the pay of the six additional hands at a monthly cost of Rs. 47.

1 Female ward cooly	...	Rs. 7

2. The Government concurring with the Retrenchment Committee to whom the above proposals were referred for consideration are of opinion that in view of the decrease in the number of female patients in the General Hospital at Mysore, it is unnecessary to sanction the three female hands asked for, and that the assistant compounder is also unnecessary. They are pleased at the same time to sanction the entertainment of one additional male dresser on Rs. 7 and one caste cook on Rs. 10 and the grant of the following increase of pay to the existing establishment, namely:—

Rs. 4 to the clerk.

,, 3$\frac{1}{2}$ to the cook.

Re. 1 each to 2 peons, 5 male ward coolies, assistant cook and 4 totis.

3. The above measures result in an increased cost of Rs. 36 per mensem as detailed in the attached statement. The Senior Surgeon is requested to point out the source from which the charge can be met during the current year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order No. 11128-9—San. 185-07-5, dated the 1st May 1908, refusing, in the matter of the appointment of one A. J. Lopez, aged 33 years, formerly an official of the Travancore Secretariat, as Head clerk of the Sanitary Commissioner's Office, to exempt the case from the operation of Article 34 of the Mysore Service Regulations and declining to sanction the appointment made in contravention of the Regulations, especially as there were many local candidates possessing higher qualifications than the said Lopez.

2. Government Order No. 12824-5—San. 125-07-7, dated the 8th June 1908, again declining to sanction the exemption in respect of age limit and pointing out that the appointment was in contravention of the rules contained in Notification No. 3, dated the 12th April 1888, regulating the claims of candidates for admission to the superior service.

3. Letter No. 11, dated the 3rd July 1908, from the Sanitary Commissioner in Mysore, stating that the Officiating Sanitary Commissioner who made the appointment in question does not seem to have violated any of the rules of 12th April 1888 above referred to, as those rules did not prescribe any age limit and the other conditions were fully adhered to, that Government appear to have been satisfied as regards all other objections except the one on account of age, which latter was only a minor difficulty that could be easily surmounted inasmuch as Article 341 of the Service Regulations provided a special rule as regards the pension to be granted in such cases, that the candidate selected had put in several years' approved service in an admittedly good office and had undergone a course of training in the Madras Medical College and the King Institute and that therefore Government may be pleased to reconsider the matter and allow the retention of the official in question.

No. 1370-410—SAN. 4-08-2, DATED BANGALORE, 6TH AUGUST 1908.

ORDER THEREON.—After again carefully perusing all the correspondence on the subject, Government still think that due discretion was not used in filling up the post of Head clerk of the Sanitary Commissioner's Office. They are unable to find even a single circumstance that would justify the selection made by the Officiating Sanitary Commissioner. First, as regards the age objection, it must be pointed out that besides Article 34 of the Mysore Service Regulations, which itself is sufficiently explicit, Government have, in their Order No. J. 2096-34—C. 177-2, dated the 30th January 1905, clearly laid down that the appointment of men over 25 years of age is unnecessary and that the sanction of Government should not be anticipated or presumed, but that every such case should be reported for sanction *before effect is given to the appointment.*

Next as regards educational qualifications, a perusal of the list of applicants shows that many of them were graduates with considerable experience of office work. Even supposing that these applicants could not, as considered by the Sanitary Commissioner, have satisfied the requirements of the newly created office of the Sanitary Commissioner, it is not clear why the Officiating Sanitary Commissioner thought it necessary to appoint a man from Travancore in preference to one R. Narasimhaiya, a local candidate who possessed all the qualifications of the former and, in addition, had undergone a course of training in bacteriology and was already serving in the Sanitaty Department of the State. Regarding the fitness of this Lopez, nothing more is said beyond the vague statement that he had put in several years' service in an admittedly good office and had undergone a course of training in the Madras Medical College and the King Institute of Preventive Medicine. Presumably his work in the Travancore Secretariat was unconnected with the Sanitary Department, nor is there any information about the pay he was drawing there.

Finally it is strange that the Officiating Sanitary Commissioner should have overlooked the principle, well recognized in every administration, that, other things being equal, local men should always have the preference. A disregard of this principle is, it is needless to add, likely to cause discontent in the service.

In view, however of the fact that the appointment under advertance has already been given effect to, and of the representation of the permanent Sanitary Commissioner that in starting a new and technical office like his, some latitude might be

Local Fund and Sanitary (Sanitary), dated 6th August 1908.

allowed to the head of it, the Government refrain from cancelling the appointment as they should otherwise have done. In according, very reluctantly, the sanction required under Article 34 of the Mysore Service Regulations, the Government consider it necessary that the views which they hold on the subject should be placed distinctly on record and communicated to all heads of departments and Deputy Commissioners of Districts for information and guidance.

No. 1221-2—EDN. 26-08-2, DATED BANGALORE, 3RD AUGUST 1908.

ORDER.—In Government Proceedings No. 24799-802—G. 6289, dated the 28th June 1895, Mr. Cook, late Principal of the Central College, Bangalore, was permitted to correspond direct with Government on matters other than those relating to the Budget, Statistics and Administration Reports. This exception was made on personal grounds, having reference to Mr. Cook's previous relations with Government as *ex-officio* adviser to Government in matters of higher education.

2. Now that Mr. Cook has retired, the Government of His Highness the Maharaja consider that the continuance of the above exceptional arrangement which is attended with inconveniences of its own is no longer necessary and they are therefore pleased to order that the special privilege of direct correspondence with Government be withdrawn from the Principal of the Central College and that the Inspector-General of Education be allowed to exercise the same powers of administrative control over the Central College, Bangalore, as he exercises over the Maharaja's College, Mysore.

READ—

Government Proceedings No. 2715-6—Edn. 259-06-4, dated 23rd September 1907, stating that the Government of His Highness the Maharaja of Mysore are fully alive to the necessity of raising the pay of Taluk and Hobli School Masters to a minimum of Rs. 10 and sanctioning as a first instalment an increase of one rupee to the pay of all teachers who were then drawing less then Rs. 10 per mensem with effect from the 1st October 1907.

2. Letters Nos. 7134—482 and 9263—634, dated the 4th March and 4th May 1908, respectively, from the Inspector-General of Education in Mysore, submitting a statement showing the total number of Taluk and Village School Masters drawing Rs. 8 and Rs. 9 per mensem and recommending that the pay of all these teachers may be raised once for all to Rs. 10.

No. Fl. 1098-9—Edn. 303-07, dated Bangalore, 27th August 1908.

ORDER THEREON.—From the Inspector-General's statement it appears that there are at present 1,997 teachers drawing Rs. 8 and 9 in the State Fund and Village Fund Schools as shown below:—

	Number of teachers on Rs. 8	Number of teachers on Rs. 9	Total
State Funds ...	... 580	61	641
Village School Fund	... 1,337	19	1,356
Total	... 1,917	80	1,997

2. The Government of His Highness the Maharaja of Mysore, consider that the condition of these low paid School Masters should be improved so as to raise their pay to a minimum of Rs. 10 at once and are accordingly pleased to direct that the pay of 1,997 teachers be raised to Rs. 10 per mensem with effect from the 1st July 1908.

3. The additional cost involved is Rs. 46,968 as explained below:—

State Funds.—

	Rs.	
Increase of pay from Rs. 8 to 10 per mensem to 580 teachers	13,920	per annum.
Increase of pay from Rs. 9 to 10 to 61 teachers	732	do
Total	14,652	do

Village School Fund.—

	Rs.	
Increase of pay from Rs. 8 to 10 to 1,337 teachers	32,088	per annum.
Increase of pay from Rs. 9 to 10 per mensem to 19 teachers	228	do
Total	32,316	do
Grand Total	46,968	do

As the Village School Fund is not at present in a position to bear its share of the additional cost, *viz.*, Rs. 32,316 the same will be paid as a grant-in-aid from the General Revenues this year as was done last year in the case of the increase of one rupee sanctioned to the pay of these teachers in Government Order of September 1907. The necessary provision has been made in the State Budget for the current year in this behalf.

Government Order No. G. 6787-819—G. M. 36-07-39, dated 16th May 1908, issuing revised rules regarding the supply of clothing to menials of Government Offices.

2. Letter No. 112, dated 11th July 1908, from the Secretary to Government for Railways, reporting that as the scale of menial establishment as revised in Government Proceedings No. G. 6620-45—G. M. 236-07-1, dated 13th May 1908, was subsequently ordered (in Government Proceedings No. Fl. 23-53—G. M. 236-07-6, dated 2nd July 1908) to be given effect to in a gradual manner so as not to affect men already in service, he has issued light clothing to one dafadar and five peons instead of to one head peon and three peons only as directed in Government Order, dated the 16th May 1908, and requesting sanction to the dafadar being also supplied with special clothing under scale B in accordance with Rule IV, Appendix A.

No. G. 771-803—G. M. 39-08-2, DATED BANGALORE, 1ST AUGUST 1908.

ORDER THEREON.—The special clothing under scale B is meant to be given only to a certain number of menials on immediate attendance upon the Dewan and Councillors and the Secretaries to Government; and only one of the menials attending upon the Secretaries to Government in other Departments than the Public Works and the Railway, has been given this kind of clothing. Hence in view of the fact that the Jamadar of the Public Works Secretariat who is the menial of the highest rank in attendance upon the Public Works Secretary (who is also the Secretary to Government for Railways) has been given this kind of clothing, Government do not see the necessity for sanctioning its supply to the present dafadar of the Railway Secretariat also.

2. As regards light clothing, Government are pleased to direct that in offices in which reductions in the menial establishments have been ordered, such clothing may be issued to all the peons on the establishment who may be entitled to it under the rules, even though their places may have to be absorbed when vacancies occur later on, as ordered in Government Proceedings No. Fl. 23-53—G. No. G. 834-5—G. M. 174-07-14, DATED BANGALORE, 4TH AUGUST 1908.

ORDER THEREON—The report submitted by the Inspector-General of Education shows that 1,573 official publications costing Rs. 869 were sold during the year 1906-07 excluding the several Chief Court Reports separately accounted for and certain other publications supplied free of cost to Public Offices.

2. No definite form having been prescribed in the Government Order read above for the detailed information that has to be furnished with the annual report, much correspondence had to be carried on to get all the particulars necessary for properly scrutinizing the financial effect of the sale during the year 1906-07. Government direct, therefore, that detailed information in the annexed form be submitted in future along with every annual report, including that due for the year 1907-08.

3. Government approve of the suggestion of the Inspector-General of Education to make arrangements for auditing the accounts of the Department once a year. The Comptroller to Government will include the Central Book Depôt among the offices whose accounts have to be audited annually, and submit to Government a report with the remarks of the Inspector-General of Education on the points brought to notice in the course of the audit.

No. G. 1223-63—G. M. 270-06-91, DATED BANGALORE, 24TH AUGUST 1908.

ORDER THEREON.—In the General and Revenue Secretary's Memo No. G. 6159-98—G. M. 270-06-4, dated the 6th April 1907, the opinion of the Heads of Departments and Deputy Commissioners of Districts was invited on the proposal to arrange for the supply of typewriting materials to all offices in the State through the Stationery Depôt. They were also requested to state their annual requirements of such materials and the cost incurred on that account during the last three years. The opinions received were for the most part in favor of the proposed change. On the data available, the Superintendent of Stationery expressed the opinion that the proposed consolidated supply would result in savings to Government, and recommended that only typewriting and carbon papers should be purchased and supplied to various departments using typewriting machines, and that the present practice of buying other sundry articles required by the different offices might be continued, as it would not be economical to procure them in small quantities, so as to suit different kinds of machines used in different offices. Thereupon the Heads of Departments and Deputy Commissioners of Districts were informed that it was proposed to issue annually from the Government Stationery Depôt typewriting and carbon papers which might be required by each office, the grant under "Contingencies" of each such office being reduced to the extent of the cost of the supplies made. The several replies received show that opinions as regards the reductions in their contingent grants are divided.

With a view to obviate the necessity of immediate and arbitrary deductions from the contingent grants of offices all over the State, to which course certain objections seem to exist, and taking into consideration other circumstances, Government are pleased to sanction the following tentative arrangements for the supply of typewriting and carbon papers from the Government Stationery Depôt.

The Superintendent of Stationery will make wholesale purchases of typewriting and carbon papers from out of the year's Stationery grant and stock the same in the Depôt. The Heads of Offices using typewriting machines should, in future, obtain on indent, once every quarter the quantity of typewriting and carbon papers required by them during the subsequent quarter, so that, as far as possible, the whole year's supply may be indented for and obtained three months before the expiry of the official year, *i. e.*, by the 31st March of every year. The cost of each supply will be made known to the indenting officer at the time the articles are issued to him, but will not be included by him in the total contingent expenditure of his office; the necessary reduction on account of the articles supplied being made in the contingent grant of each office during the last quarter of the year as directed below.

In the month of April every year, the Superintendent of Stationery should prepare a reappropriation statement reducing the grants of the several offices supplied and increasing his own grant to the extent of the supplies made and should submit it for the sanction of Government.

If the wholesale purchases are properly regulated, Government have no doubt that very little stock will remain in the Depôt after March in each year; but if anything should remain, reference can be made to the General and Revenue Secretariat and other large offices with a view to the balance of stock being distributed among them, their grants being correspondingly reduced for the increase of the Superintendent's grant if absolutely necessary.

General (Miscellaneous), dated 24th August 1908.

Typewriting materials other than those specified above may be purchased, as usual, from the contingencies of each office.

The above arrangements will be tried for a period of two years by which time, it is hoped, an accurate estimate of the requirements of each office can be formed.

The Superintendent of Stationery is requested to submit a report on the working of these arrangements at the end of the current official year.

Memorial Registered No. 966-3266, dated 14th February 1908, addressed to His Highness the Maharaja by Ramakrishniengar and other servants of the Sri Varadarajaswamy temple in Channapatna Fort, appealing against the Deputy Commissioner's order directing that Aji Singlachar, Adhyapaka and Rajaseervada barawarddar, should recite Rajaseervada in the temple only on Hechukatle days.

Letter No. 139, dated 20th June 1908, from the Deputy Commissioner, Bangalore District, reporting on the above.

No. 757-65—MUZ. F. 145 OF 1892, DATED BANGALORE, 18TH AUGUST 1908.

ORDER THEREON.—Complaints having been received in the year 1894, that Aji Singlachar, Adhyapaka and Rajaseervada barawarddar of the Sri Varadarajaswamy temple in Channapatna Fort, was not attending to his duties in the temple daily, the then Muzrai Superintendent, Rai Bahadur A. Sreenivasa Charlu directed in his order dated 21st June 1894 the stoppage of pay and *padi* to the barawarddar for the days he or his nominee absented himself from duty.

2. Aji Singlachar went on, however, absenting himself every now and then in spite of the above order and contended that his duty was confined only to Hechukatle or extraordinary days. The matter finally came up before Mr. C. Devaraj Urs, Assistant Commissioner in charge of the Closepet Division, who, in his order dated 5th July 1906, observed that in the 6th column of the list of 1858, prescribing the duties to be performed by temple servants, it had been laid down that Adhyapaka Singlachar should recite Prabandha and Rajaseervada not only on special occasions but also every day, that in his petition of the 2nd (21st) August 1895 he, (Singlachar) had admitted that he was attending the temple twice a day and was discharging his duties and that Singlachar's predecessor also was attending the temple every day. He therefore directed that Aji Singlachar should attend to his duties daily.

3. On appeal, the then Deputy Commissioner Mr. Sparkes, observed in his order dated 20th May 1907, that in the 6th column of the original patti of the year 1858, it was laid down that Singlachar should recite Rajaseervada only on special occasions and not on every day, and that it did not convey the meaning that he should attend to his duties both on Nityakatle and Hechukatle days. He accordingly ordered that Singlachar should recite Rajaseervada only on Hechukatle days.

4. Against the foregoing order, the Memorialists have appealed to Government.

5. From a perusal of the original list of 1858, the Government observe that the entry therein has been tampered with so as to favor the case of Singlachar. The entries relating to every other servant deal with the Nityakatle and Hechukatle duties. There are some other servants holding offices similar to Singlachar's who have to do their duties both during Nityakatle and Hechukatle days. Worship and all other services were evidently meant to be done every day and it is strange that Singlachar's services should be confined only to Hechukatle days and that the entry should be repeated twice. Rajaseervada is an important item of recital in Muzrai Institutions and would not have been restricted to Hechukatle days alone when every other service was performed daily. In the first part of Mr. C. Devaraj Urs' order of 5th July 1906, the passage relating to Singlachar is practically quoted from the list of 1858, after reference to the original list. There is also an authenticated copy of the list of 1858 in the file. Though the copy is not dated there is reason to believe that it was probably prepared on 3rd January 1905, long before the order of Mr. C. Devaraj Urs. It therefore appears that between the date of Mr. Devaraj Urs' order (5th July 1906) and the date of Mr. Sparkes' order (20th May 1907) the entry has been tampered with and that Mr. Sparkes' order was based on the tampered entry evidently without careful scrutiny.

6. For the foregoing reasons, Mr. Sparkes' order is reversed. The Deputy Commissioner is requested to direct Singlachar to do his duties every day in the temple.

Government Proceedings No. 233-42—Muz. F. 102-92, dated 14th December 1892, laying down rules for the succession of Gurus to Matts.

Letter No. 26, dated 14th July 1908, from the Deputy Commissioner, Tumkur District, recommending that permission may be granted to appoint Narayanasastri of Arudi as successor to Sri Narasimhasrama Swamigalu in the Kodanda Asrama Matt at Hebbur, Tumkur Taluk.

No. 790-2, DATED BANGALORE, 19TH AUGUST 1908.

ORDER THEREON.—The Sri Kodanda Asrama Matt (otherwise known as Kodanda Ramaswami Matt) at Hebbur in the Tumkur Taluk, is a Muzrai Institution endowed with the Sarvamanya village of Kalkere and an annual cash grant of Rs. 100-12-0 payable from the Kunigal Taluk.

2. The Deputy Commissioner reports that Sri Sachitananda Swamigalu, the Senior Guru of the Matt, died about fourteen months ago, and the Sri Narasimhasrama Swamigalu, the Junior Swami, seeks permission on account of his old age and of his being afflicted with asthma, to give Asrama to one Narayanasastri of Arudi in the Dodballapur Taluk, in view to appoint him as his successor. The Deputy Commissioner further states that the Guru elect is well versed in the Hindu Sastras and has given up all wordly concerns and is therefore fit for the Asrama and that the respectable Brahmins of Hebbur have presented a Mahazar unanimously endorsing the above opinion, and he recommends therefore that the permission sought for by the Junior Swamigalu may be granted.

3. Under the circumstances reported, the nomination of Narayanasastri of Arudi, as the future successor to Sri Narasimhasrama Swamigalu in the Sri Kodanda Asrama Matt at Hebbur is approved.

Government Proceedings No. 5109-12, dated 8th May 1906, sanctioning an additional Tasdik of Rs. 20-0-0 per mensem, to the Sri Venkataramanaswamy temple in the Fort, Bangalore City.

Letter No. 57, dated 28th November 1907, from the Deputy Commissioner, Bangalore District, submitting a scale of expenditure in the Institution as called for in the above.

No. 868-9—MUZ. F. 39 of 1898, DATED BANGALORE, 27TH AUGUST 1908.

ORDER THEREON.—The original cash grant assigned to the Sri Venkataramanaswamy temple in the Fort, Bangalore City, was Rs. 4-5-10 per mensem. A further grant of Rs. 20 per mensem having been made in favor of the Institution under the Government Proceedings of the 8th May 1906 read above, a total sum of Rs. 24-5-10 is available for expenditure for the purposes of this temple. The Deputy Commissioner has submitted a scale of expenditure for the aforesaid sum as noted in the margin, but Vidwan Tirumalachar, one of the Dharmadarsis of the temple, has made representations for the amount being distributed in such a manner as would leave a sum of Rs. 4 or 5 to be allotted as pay for himself as Vicharanekarta or Manager of the temple on the ground that he has been for many years past taking interest in the affairs of the Institution.

	Rs.	a.	p.
Archak	6	0	0
Paricharak	5	0	0
Vedaparayana and Mantrapushpa Persons	4	0	0
Paditara and Deeparadhane ...	2	5	10
Musicians	2	0	0
To be kept in deposit for car festival ...	5	0	0
Total ...	24	5	10

2. The scale of expenditure proposed by the Deputy Commissioner appears suitable and is accordingly sanctioned, with this variation, *viz.*, that the amount proposed to be reserved for the Rathotsavam should be kept as a surplus for any special expenditure, instead of being used for feeding during car festivals, an item of charity that should be left to private undertaking. The utilization of any part of the tasdik to pay one of the Dharmadarsis as proposed by Tirumalachar does not meet with the approval of Government. If at any time a separate Manager is found to be necessary any person appointed as such should not be a Dharmadarsi of the temple.

3. The present watchman of the temple is included in the special establishment maintained by Government to take care of Tippu Sultan's Palace in the Fort and this arrangement will continue until further orders.

4. Government understand that certain misunderstandings exist among the Dharmadarsis and they consider that it would be desirable to reconstitute the committee of Dharmadarsis with such modifications of personnel as may be necessary. The Deputy Commissioner is therefore requested to submit proposals in this behalf, so as to secure harmonious working.

Petition Registered No. 795, dated 16th August 1907, from Chidghana Sivacharya Swami of the Jangam Matt in Mamulpet, Bangalore City, complaining against Gurubasappa, Agent of the Matt in regard to the affairs of the Matt.

Letter No. 125, dated 4th May 1908, from the Deputy Commissioner, Bangalore District, reporting on the above.

No. 906, DATED BANGALORE, 28TH AUGUST 1908.

ORDER THEREON.—It is seen from the records that there were three Lingayet Matts in Mamulpet, Bangalore City, known by the names of (1) Rudradevara Chowki, (2) Moole Matt and (3) Jangam Matt. At the Inam Settlement, the marginally noted land was confirmed as Devadaya Inam for the support of the Jangam Matt situated at Mamulpet of Bangalore. At the time of the Settlement and from a long time previous to it, the land and the Matt appear to have been in the management of Guru Sidda Wadiyar of the Tippasetti Matt, who appears to have exercised a sort of overlordship over the Jangam Matt.

Survey No. 14. Extent. 7 acres and 14 guntas in Sulekere village in Kengeri Hobli.

2. In the year 1867, Gurusidda Wadiyar of the Tippasetty Matt mortgaged the Matt in Mamulpet to one Chándranna and the latter hypothecated the same to one Chenna Veera Setty in 1886. Chenna Veera Setty made a gift of the Matt to one Heggundada Nanjundaswami who improved the Institution and taught and fed a number of Lingayet students there. The petitioner Chidghana Sivacharya Swami seems to have been a disciple of Nanjundaswami and to have been associated with him in improving the Matt by collecting subscriptions and donations for it in all parts of the State. Out of the moneys thus earned, Nanjundaswami acquired some houses and shop adjoining the Matt premises for the benefit of the Institution. At the time of his death on the 29th January 1898, he executed a Will under which he constituted the Matt and its properties as a trust for the maintenance of a suitable successor who should feed travellers and also teach Sanskrit to students and feed them. He appointed Gurubasappa as the manager of the charities. On the 14th July 1900, Gurubasappa entered into an agreement wtth the petitioner Chidghana Sivacharya Swami in which the latter bound himself to carry on teaching and feeding scholars in the Matt under the direction of Gurubasappa.

3. It is alleged that Gurubasappa has not been managing the Institution properly, that he is not devoting the income to the proper conduct of the charities prescribed by Nanjundaswami and that he is not giving Chidghana Sivacharya Swami the necessary facilities to teach and feed students agreeably to the intentions of Nanjundaswamy. It is also stated that one of the properties, namely, a shop has been sold by Gurubasappa and that recently Gurubasappa has become an insolvent. The petitioner therefore requests that Gurubasappa may be removed from the management of the Institution and other suitable arrangements made.

4. On behalf of the counter-petitioner Gurubasappa it has been contended that the Matt in question is not a Muzrai Institution and that even if it were, it is not open to Government to interfere in the management of properties not endowed to the Institution by Government but by private individuals, that the shop was sold by him to discharge certain debts of Nanjundaswami as provided in the Will itself and that he has been utilising the income of the properties for the purposes of the Institution.

5. On a perusal of the records, Government are satisfied that the Institution which Nanjundaswami came into possession of in 1898 is the Mamulpet Jangam Matt to which the Inam land noted in the margin of para 1 supra is attached and that it is therefore a Muzrai Institution. Even if it were not a Muzrai Institution endowed by Government, it has been recognised from a long time past that Government have a duty to see that charitable and religious endowments are properly managed and that in the discharge of this duty, they can step in and take over the management of such Institutions and their endowments. This policy has been laid down in Chief Commissioner's Proceedings No. 3233-42—Rev. 544, dated 26th

Mu:rai, dated 28th August 1908.

September 1879, and in Government Proceedings No. 53, dated 11th July 1885 and No. 1719-27, dated 24th February 1903.

6. In the present case, Government are also satisfied that the management of the Institution by Gurubasappa since 1898 has not been satisfactory, and that it is inexpedient in public interests to allow him to continue in such management. Government therefore direct the Deputy Commissioner to assume charge of the Institution and all its properties and to submit a scheme for the formation of a suitable committee of persons interested in the Institution for its future management. The Tippasetty Matt Swami, who is in possession of the Devadaya Inam land belonging to the Mamulpet Jangam Matt, has agreed to make over the land to the latter Matt. The Deputy Commissioner is requested to take possession of the Inam land and arrange for its proper cultivation, etc., on behalf of the Matt. The Deputy Commissioner will also make further enquiries into the matter of the sale of the shop belonging to the Matt and report whether the sale was made *bona fide* to discharge debts due by the Matt so that action might be taken if necessary to have the sale set aside. A report should also be submitted as to whether the petitioner Chidghana Sivacharya Swami is competent, by education and other qualifications, to be the head of the Matt, and whether he is acceptable to the majority of the disciples of the Matt.

Endorsement No. 2661, dated 24th January 1905, granted to Venkatadasappa and other Brahmin residents of Bellur in the Nagamangala Taluk, declining to issue orders prohibiting the Jains of Bellur from carrying the Jain idol in procession at the place on the Sankranti and Vijaya Dasami days of every year, as prayed for by them.

Memorial ending with No. 5279, dated 20th June 1908, from Venkatadasappa and other Brahmin residents of Bellur, praying for a review of the Government orders contained in the above.

Representations made by Gangappa and other Jain residents of Bellur, complaining that the Brahmins are causing obstruction to the conduct of the procession.

Letter No. 336, dated 21st February 1907, from the Deputy Commissioner, Mysore District, submitting records relating to the question.

Letter No. 152, dated 2nd March 1907, from the Officer in charge of the Archæological Department in Mysore.

No. 912-3—MUZ. F. 69 OF 1903, DATED BANGALORE, 28TH AUGUST 1908.

ORDER THEREON.—The Brahmin residents of Bellur pray for a review of the orders contained in the endorsement of the 24th January 1905 read above, on the ground that the Sri Adimadhavarayaswami temple at the place is a Muzrai Institution and that the Utsava Vigraha thereof is being taken in procession on Maha Navami, Vijaya Dasami, Sankranti and certain other days in conformity with the Shastras and Agamas from the time of the formation of the village; but that the Jain Vigraha of the Basti at the place was prepared only at a comparatively recent date and that it was mamul to carry the last named Vigraha in procession only on the Ananta Chaturdasi day and on no other days. In support of the last statement, the petitioners quoted several decisions passed from time to time by the Revenue and Judicial Officers in the matter. They further complained that Mr. Chengiah Chetty when he was the Sub-Division Officer of French Rocks, permitted the counter-petitioners, *viz.*, the Jains of Bellur against mamul to conduct the procession of the Jain Vigraha on Vijaya Dasami and Sankranti days also.

2. The case was heard before the Government on the 10th November 1906, in the presence of the parties, the Brahmin petitioners being represented by Venkatadasappa and the counter-petitioners by Gangappa of the Jain community. The former contended that the Jains never used to parade their Utsava idol in procession in the public streets, that, as a matter of concession, the petitioners' ancestors permitted the Jains in 1863 to celebrate their Utsavam of their idol only on the Ananta Chaturdasi day, every year, and that the latter, having taken advantage of that concession, are now asserting their right to parade their idol in procession not only on that day, but also on Vijaya Dasami and Sankranti days. The Brahmins therefore pray that the procession of the Jains' idol should be entirely stopped on these two days, *viz.*, Vijaya Dasami and Sankranti.

3. The Jains, on the other hand, represented that their temple was more than 300 years old, that they used to conduct the procession of their idol even prior to 1863 that this procession in no way interferes with that of Sri Adimadhavarayaswamy nor does it go near that temple or through the Brahmin streets. On these grounds, the Jains urged that there was no reason to re-consider the orders already passed by Government in the matter.

4. The Officer in charge of the Archæology in Mysore, having been thereupon requested to furnish information as to whether any mention had been made in local inscriptions about the Jain Basti in question, states that the institution is referred to in Inscription No. 43 of the Nagamangala Taluk, and observes that from that inscription, it is understood that one Sakkare Setty had the Vimalanatha Chaityalaya erected at Bellur on the land granted by Devaraja Wodeyar of Mysore by the advise of Lakshmisena Bhattaraka (the Jain Guru of Sravanabelagola) that the Devaraja Wodeyar referred to is most probably Chikka Devaraja Wodeyar whose rule extended from 1672 to 1704 A. D., and that consequently the date of the erection of the Basti in question may be taken to be about the year 1608 A. D.

Muzrai, dated 28th August 1908.

5. From the facts set forth above, the Government observe that the question is one which cannot be entirely governed by mamul. There is a pretty large Jain population in Bellur town. Their temple is at least 220 years old. Their request to be allowed to take their idol in the public streets on the Vijaya Dasami day has been rightly granted by Mr. Chengiah Chetty, who based his decision of 1903, on the principle that every person was entitled to use the highway for processions, etc., provided he did not interfere with other peoples' rights and provided there was no apprehension of a breach of the public peace. This principle was also upheld by Government when they directed that both the Brahmins and the Jains of Bellur should have their processions on Vijaya Dasami and Sankranti days, but that different hours should be prescribed therefor so as to prevent a breach of the public peace. The Government observe that the above orders are final, and the question cannot be re-opened. The petition of Venkatadasappa and others is accordingly rejected.

No. 916-23, DATED BANGALORE, 28TH AUGUST 1908.

ORDER THEREON.—The Government observe that there are no funds available out of which such grants can be made. The only way to render help in very special and rare cases would be to permit the person concerned to take meals at a chattram or to grant rice or cash allowances out of a chattram allotment with the sanction of Government. This should be done only in extremely rare and deserving cases, the ordinary relief of the poor and needy being left to private charity. The Government chattrams should be used mainly for the purpose of feeding *bona fide* travellers.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 521-2—S R 261-07-2...	1	Excise Comr. & Comptr.	Sanctioning the remission of Rs. 358-9-0 being the irrecoverable balance of the rental due by one Sannakkadare Gowda, on account of the toddy shops of Bairavara and Mugatihalli in the Chikmagalur Taluk for 1901-02, with the observation that it was highly irregular on the part of the officer conducting the sale of the shops to have taken only one month's rental as deposit without the additional personal security for four months' rental required under clause 4 of Notification No. 6981, dated 7th March 1901.
2	Fl 525-6—S R 95-07-4 ...	1	Do ...	Sanctioning the grant of furlough for six months in continuation of three months' privilege leave already ganted to T. Mangaiah Chetty, Head Accountant of the Excise Commissioner's Office, R. Tirunarna Iyengar being allowed to act for him.
3	Fl 544-5—S R 10-08-2 ...	3	Do ...	Recording Excise Commissioner's letter No. 500, dated 10th July 1908, stating that Messrs. A. Narainsamy Mudaliar & Co. and Bajjanna, the present arrack manufacturers have agreed to supply the requisite quantity of majum for 1908-09 also on the terms of their contract for 1907-08.
4	Fl 546-7—S R 266-07-2...	3	Do ...	Sanctioning under the circumstances stated, the writing off the accounts the irrecoverable arrears of Rs. 45 due from one Bheema Pujari who purchased the Hosur bagani toddy shop for 1904-05, but failed to pay the required amount of security allowing the shop to be resold at a loss of Rs. 45 to Government.
5	Fl 548-9—S R 264-07-2...	3	Do ...	Observing that Vabamane Siddanna, the resale licensee of arrack shop at Bilalkoppa, Tirthahalli Taluk, is entitled to the refund of Rs. 9-4-0 being the shop rent recovered from him for the period he was not authorised to work it.
6	Fl 550-1—S R 270-07-2...	3	Do ...	Sanctioning the remission of the irrecoverable arrears of Rs. 17 and odd due from one Jothi Peeraji, licensee of certain bagani toddy shops in the Koppa Taluk for 1901-02, with the observation that the delay of nearly four months in the resale of the shops which resulted in a loss of Rs. 17 and odd to Government is unsatisfactory.
7	Fl 552-3—S R 268-07-2...	3	Do ...	Sanctioning the remission of the irrecoverable arrears of Rs. 21 due from one Shumshudin who purchased certain akkibhoja shops of Yedahalli for 1903-04 but failed to work them, with the observation that the sale conducting officer should have satisfied himself that Shumshudin was solvent before his bid was accepted.
8	Fl 557-8—S R 29-08-2 ...	3	Comptr. & Deputy Comr., Mysore	Rejecting the application of Basavalingappa of Mysore for refund of the value of a stamp paper produced by him on the ground that the reason urged for the delay in asking for refund is said to be ignorance of law which cannot be accepted.
